HARMONY PROGRAMME IS FIRMLY ESTABLISHED FOR DEMOCRATIC CONVENTION WHICH OPENS TODAY

President Wilson Sends Word He Desires Vice-President Marshall Re-Nominated.

BAKER NOT A CANDIDATE

Reaches St. Louis as President's Representative, Bearing Draft of the Platform.

NO DISCORD IS EXPECTED

Aggressive Campaign to be Waged by Leading Orators.

St. Louis, June 13. — Arrival here tonight of Secretary of War Newton D. Baker, President Wilson's personal representative, bearing the "President's own" draft of the platform, and the news that he desired the renomination of Vice-President Marshall, firmly established the harmony programme for the Democratic National Convention, which opens tomorrow.

When Chairman McCombs, of the Democratic National Committee, lets his gavel sound at noon tomorrow, leaders expect all preconvention discord to be blended in one harmonious note. A programme upon both the presidential and vice-presidential nominations and the platform as well has apparently been agreed upon by the leaders.

Boomlets Wilt Away.

Vice-presidential booms, around which most of the pre-convention fights have centered, wilted away tonight under the influence of the personal message from the White House that the President desired Mr. Marshall again as his running mate.

Secretary Baker also effectually disposed of the vice-presidential boom in his own behalf which had attained prominence in the belief in some quarters that Mr. Marshal lacked genuine administration support.

"The President is for the nomination of Vice-President Marshall," was the emphatic statement tonight of Secretary Baker. "So far as I know the President has not considered any other nominees. As to the movement started in my behalf, I a mfor Mr. Marshall I am here as a delegate from Ohio. I ran in a popular primary pledged to support Mr. Marshall and obviously could not allow myself to be considered."

"President's Own" Draft.

The "President's own" draft of the platform — a single copy said to have been typewritten by himself—will be delivered by Mr. Baker to Senator Stone, of Missouri, chairman-to-be of the Resolutions committee. Little change in it is anticipated. Mr. Baker said he came here as the means of communication between the committee, the convention and the President.

Although Mr. Baker declined tonight to disclose the President's platform views, it was learned the platform will dwell principally "on peace, preparedness for peace, and prosperity."

Despite agitation by some Democratic leaders President Wilson, it is said, disapproved insertion of a plank criticising the nomination of a Supreme Court Justice for President, or favoring a constitutional amendment prohibiting Justices from seeking other public Federal offices.

To Attract Progressives.

The President desires adoption of a platform so progressive that it will appeal to and attract members of the Progressive party but without an open direct invitation to the Progressives to swing their strength to the Democratic ticket, it was learned.

As to woman suffrage, it was understood the platform probably will suggest that the women continue their efforts for the ballot in their respective states.

The principal planks, it was authoritatively stated, will deal with the administration's trials and achievements in handling international and Mexican affairs, its rapid and deliberate steps toward "preparedess for peace" and the record of economic and industrial legislation contributing to general prosperity.

Kitchin One of Campaigners.

Secretary Baker also brought information regarding the aggressive campaign planned in behalf of Mr. Wilson. The country to be covered by leading Democratic orators, Vice-President Marshall, Secretary Baker Secretary Lane, Senator James, of Kentucky; Representative Kitchin, of North Carolina; Senators Lewis, Hollis Reed and Owen and others from both Senate and House will be among the speakers.

The President has not decided on the part he will play in the campaign, according to Secretary Baker.

Mr. Baker was besieged tonight for information regarding the probable campaign manager, the chairman of the National committee. It became known that Colonel House, the President's closest personal friend and adviser, and Fred B. Lynch, of Minnesota, National Committeeman, have been practically eliminated from consideration.

TEUTONS MAKING A RAPID RETREAT

Russian War Office Reports Capture of Only About One Thousand More Prisoners.

MUCH BOOTY LEFT BEHIND

Several Towns and Villages Have Been Re-Occupied by the Muscovites. Little Activity is Reported In Turkey.

Petrograd, via London, June 13.—The war office announcement of today says that the retreat of the Austro-Hungarian and German troops along the Galician and Volhynian fronts is proceeding so rapidly that only a small number of prisoners has been captured in addition to those previously reported. The total is given as about 115,700, as compared with approximately 114,700 announced yesterday. The statement says:

"On account of the fact that in many places the Austro-Hungarian and Austro-German troops withdraw rapidly before the blows of our southern army the number of prisoners has increased only very little. The total now amounts to about 1,700 officers and 114,000 men

"The enemy left enormous quantities of military booty everywhere in the territory evacuated. General Letchitzky's command since the opening of the operations has taken three commanders of regiments, 754 officers, 37,832 men 49 guns, 120 machine guns, 21 bomb throwers and 11 mine throwers.

"Northwest of Rojitche, after dislodging the Germans, we approached the riverStokhod. West of Lutsk, we occupied Torchin and continued to press the enemy back.

"On the Strips front north of the village of Bodullintze, an obstinate struggle continues. We have taken village of Zarvanitza after a desperate defense. In many sectors, we discovered defenses hastily constructed with the object of strengthening previously prepared positions.

"In the Dneister sector and further south, our troops, having cdossed the river, after fighting, captured many fortified points and also the town of Zale Szczyky (northwest of Czernowitz) and continued to advance. The village of Herodenka, northwest of Zale Szczyky, is also in our hands.

"On the Pruth sector, between Doyan and Niepokolouts, our troops approached the left bank of the river. Near the bridgehead of Czarnowitz hot fighting continues. In the evacuated territory the enemy left an enormous quantity of military booty.

"On the Bubno-Kozin railroad he abandoned a net work of telephone wires, a great quantity of cartridges, bomb throwers and automobiles, a narrow guage railway with a great quantity of cars and a storehouse full of provisions. Near the village of Malymilitsa he left intact a monument commemorative of Austrian victories in the shape of a high column surmounted by an Austrian eagle.

"At the village at Sadagora, north of Czernowitz, we sieged a great storehouse of engineering material and an overhead railway. An order of the day found on a dead German officer, indicating the position of the enemy troops, contains the following expression, 'and other defeated Austrians.' This is explained by prisoners in depositions, which state that new formations were being organized from the remnants of the defeated Austrian troops. On the Dvina front and south of Dvinsk the Germans bombarded our positions at many points.

"On the Caucasian front, in the direction of Diarbekr, we approached Turkish positions without being observed and attacked the enemy while he was resting. We captured his camp. After suffering some losses, the enemy fled.

"An attack by Turks in the region of Revaubouze was repulsed."

INVESTIGATION OF PRICE OF GASOLINE IS COMPLETED

Independent Companies Charge Increases to Standard Oil Company.

Washington, June 13.—The Federal Trade Commission concluded today its investigation of the rise of gasoline prices, ending a two days' final hearing after representatives of Standard Oil and various independent companies had given divergent explanations of the present situation in the industry. A report embodying the results of weeks of investigation by the commission's agents will be made public soon and will be transmitted to Congress in response to a resolution asking for an inquiry.

TO CELEBRATE FLAG DAY.

President Wilson to Walk at Head of Great Preparedness Parade.

Washington, June 13.—The capital's response tomorrow to President Wilson's proclamation calling on the nation to celebrate Flag Day will be a great preparedness parade down Pennsylvania avenue with the President himself, marching at its head. After reviewing the parade from a stand in front of the White House, the President will make an address on "America First."

The day will be a holiday under an executive order and 75,000 persons will be in line.

BOTH SIDES ADMIT FAILURE TO AGREE

Conference Between Railroads and Their Employes Will Probably Break Up Today.

WILL A STRIKE BE VOTED?

Should Workmen Vote in Affirmative and a Second Demand for Wage Adjustment Fail, the Strike Order Would be Given.

New York, June 13.—Although the conference between representatives of the railroads of the country and their employes technically is still in session, spokesmen for both sides declared tonight that the negotiations, intended to avert a general strike, have failed. The conference, they state, will, in all probability break up tomorrow when the railroads finish the explanation of their "contingent" or counter proposition to meet the demands of the men.

The failure of the conference does not mean that a geenral strike of the 350,000 railroad men affected will immediately follow, both the railroad men and managers say. The result of the conference must first be reported to the men. A strike vote will follow and if the strike is authorized the workers will then renew their demands. Only in the event of another failure to agree, either a compromise or arbitration, will the strike order become effective.

The demands of the men include an eight-hour day, time and a half for overtime and the retention of existing methods of double compensation for different forms of labor during the one work day. The "contingent proposition of the railroads, while granting the shorter work day and the increased overtime, excludes the double compensation feature. This exclusion has caused the aparent disruption of the conference.

It was expected the conference would be finished today but the suestions asked by the men regarding the railroads' counter proposition, required such complicated answers that a further adjournment was taken until tomorrow. W. G. Lee, president of the Brotherhood of Railway Trainmen, took his seat at the conference table today for the first time. He tried at first to smooth out the situation, but when he fully understood the railroads' stand he became as irreconcilable as his fellows. H. A. Wheeler, vice president of the Union Trust Company, of Chicago, and chairman of the Railroad Situation committee of the Chamber of Commerce of the United States, was introduced at the close of the session. He pleaded for an amicable settlement of the dispute and declared his committee was working to prevent a general strike. He said the chamber of commerce was co-operating to the fullest extent by seeking to have Congress extend the powers of the Interstate Commerce Commission to include the regulation of the hours, wages, and working conditions of railroad men.

"We are not partisan to either side," said Mr. Wheeler. "It is our hope that there may be a study of the situation and that wages may be increased wherever it is found just—not only the wages of the trainmen, engineers and firemen, but also of the telegraphers, section hands and other allied members of the industry."

Representatives of the "Big Four" railroad brotherhoods stated later that, although they appreciated the kindly offices of the chamber of commerce, they would ignore the message delivered by its representative.

FOUR FORMER GOVERNMENT AGENTS ARE TO BE TRIED

Will Face Charge of Conspiracy to Defraud the Government.

Fort Smith, Ark., June 13.—The trials of J. P. Surber, of Atlanta, Ga., and Thomas C. McCoy, of Asheville ,N. C., former revenue agents, and Newton C Spalding, of Aurora, Mo., and J. W. Grider, of Sonora, Ark., former government guagers, charged with conspiring to defraud the government of internal revenue in connection with the so-called "moonshine" whisgey conspiracy, were today set for hearing in Federal court here next Monday McCoy has resisted efforts to return him to Arkansas for trial and his case probably will be continued. Eight men now are serving penitentiary sentences for complicity in the frauds.

WOULD ENJOIN SALE.

Sale of Hampton Mills Property Alleged Destructive to Stockholders.

Columbia, S. C., June 13.—Alleging that the sale of Hampton Cotton Mills Company properties to Lockwood, Greene & Company of Boston, for $2,550,000, as authorized at the Parker Mills Company stockholders' meeting May 11, last, would be destructive to the interests of the holders of the common and preferred stock, William H. Rose, of Columbia; Richard D. Lee, of Sumter, and Alex E. King, of Columbia, today obtained from Justice Watts, of the South Carolina Supreme Court, a rule to show cause why the sale should not be enjoined and a temporary injunction against the sale pending the final hearing.

The rule is returnable before Circuit Judge Mauldin, at Pickens, June 20, next.

NOTE MAY NOT BE DISPATCHED UNTIL AFTER CONVENTION

Administration Would Avoid the Charge of Playing Politics in the Mexican Problem.

CARRANZA IS WEAKENING?

Steps Being Taken to Meet Any Emergency Resulting From Anti-American Sentiment.

Washington, June 13.—Unless the increasing seriousness of conditions in Mexico forces action, dispatch of the reply to General Carranza's demand for withdrawal of American troops probably will be delayed until after the St. Louis convention because the administration desires to avoid any drastic step at a time when it might appear to be prompted by political influences. Secretary Lansing and his advisers are said to have given careful consideration to the possibility that the administration might be charged with playing politics in dealing with the problem. The rapid spread of anti-American propaganda in northern Mexico, however, coupled with increasingly grave economic conditions, may take the situation out of their hands.

No official would venture a prediction tonight as to what might be expected in the immediate future. In common with some consuls in Mexico they believe almost any eventuality is possible with agitations working on the feelings of a people already distressed by the fruits of prolonged disorder. It was stated positively that the Washington government was considering no aggressive action to be taken of its own motion, but stood ready to act should assaults on Americans or an attack on General Pershing's forces force the issue.

Preparing Sharp Reply.

A sharp rejoinder is being prepared to the Carranza note. It will repeat the determination of President Wilson to keep American troops in Mexico until the Carranza forces have shown their ability and intention to properly police the border states. It is also to rebuke the de facto government for the suggestions and statements in its note questioning the good faith of the Washington administration. Some officials regard parts of the note as insulting to a degree not to be tolerated, and, if their advice is followed, its author will be called to sharp account.

Secretary Lansing has had before him a mass of data dealing with the assertions of fact set up by the Mexican note. He expects to be able to refute most of the statements, and the daily crop of messages from Mexico telling of new disturbances will supply additional evidence that the de facto government does not in fact exercise the control it claims over the border states.

Ready for Any Emergency.

Pending the sending of the reply steps have been in progress some days toward meeting any emergency that may arise. Conferences between State and Naval Department officials have resulted in the formulation of definite plans for the removal of Americans who would gather in Mexican ports should a serious outbreak of anti-American feeling force them to flee or should there be a clash between American and Mexican troops. It is known too, that the possibility of calling out more state militia has been the subject of renewed discussion among officials.

The motives behind the anti-American propaganda and the precise attitude of General Carranza toward the agitation both are subjects of speculation. Many officials are convinced that the de facto government is tottering, and think General Carranza may have sent his belligerent note with the deliberate purpose of provoking the Washington administration to intervention. The control of the first chief over the various elements of his army and his civil government is manifestly weakening according to official reports. Instances have been reported where ta xcollector sent out by the Carranza government have been driven out by state authorities and people. Decrees have been promulgated by state governors dealing with matters that belong, under the Mexican constitution, purely to the central government.

Fears Subordinate Officers.

In dealing with the army, Carranza dares not impose duties repugnant to subordinate officers, according to the views of some officials, for fear his orders would be disregarded. While some of the troops of his own personal following would remain loyal, it is said many parts of the army would obey instructions from their direct leaders without regard to Carranza's wishes.

The fact that the great bulk of the Mexican people have only such reports of what has happened and is happening in the border states as their leaders

AMERICA WILL NOT HAVE MILITARISM WILSON DECLARES

Tells West Point Cadets They Are Citizens First and Then Officers of the Army.

TOUCHES ON MANY TOPICS

Covers Nearly All Subjects Discussed by Mr. Hughes in Telegram of Acceptance.

West Point, N. Y., June 13.—Addressing the graduating class at the United States Military Academy here today, President Wilson touched on almost all the subjects discussed by former Justice Hughes in his telegram accepting the Republican nomination and alluded to Americanism, militarism, preparedness, peace, war, and other topics of pressing interest.

He told the graduates that they faced "many extraordinary possibilities," because no one could tell what the immediate future is going to be, either in the history of this country or the history of the world. It is the present imperative duty of America to be prepared, he said, to see that nobody mars the civilization she has built up and being safe itself against interference from the outside, he added, "all its forces is going to be behind its moral idea and mankind is going to know that when America speaks she means what she says."

Continuing he said:

Militarism Not Americanism.

"You know that the chief thing that is holding many people back from enthusiasm for what is called preparedness is the fear of militarism. I want to say a word to you young gentlemen about militarism. You're not a militarist because you are military Militarism does not consist in the existence of an army, not even in the existence of a very great army. Militarism is a spirit. It is a point of view. It is a system. It is a purpose. The purpose of militarism is to use armies for aggression. The spirit of militarism is the opposite of the civilian spirit—the citizen spirit. In a country where militarism prevails, the military man looks down upon the civilian ,regards his as inferior, thinks of him as intended for his, the military man's, support and use, and just so long as America is America, that spirit and point of view is impossible with us. There is as yet in this country so far as I can discover, no taint of the spirit of militarism. * * *

Citizens Before Officers.

"The idea I want to leave with you boys today is this: No matter what comes always remember that first of all you are citizens of the United States before you are officers and that you are officers because you are present in your particular profession what the citizenship of the United States stands for. There is no danger of militarism if you are genuine Americans and I for one do not doubt that you are. When you begin to have the militaristic spirit—not the military spirit, that is all right—then begin to doubt whether you are Americans or not.

"You know that one thing in which our forefathers took pride was this, that the civil power is superior to the military power in the United States Once and again the people of the United States have so admired some great military man as to make him President of the United States when he becomes commander-in-chief of all the forces of the United States, but he was commander-in-chief because he was President not because he had been trained to arms, and his authority was civil not military. * * *

We have drawn our people, as you know, from all parts of the world and we have been somewhat disturbed recently because some of those—though I believe a very small number—whom we have drawn into our citizenship have not taken into their hearts the spirit of American and have loved other countries more than they loved the country of their adoption.

Talks of Americanism.

"We have talked a great deal about Americanism. It ought to be a matter of pride with us to know what Americanism really consists in. Americanism consists in utterly believing in the principles of Americanism and putting them first as above anything that might by chance come into competition with it. And I for my part believe that the American test is a spiritual test. If a man has to make excuses for what he has done as an American I doubt his Americanism. He ought to know at every step of his action that the motive that lies behind what he does is a motive which no American need be ashamed of for a moment. Now we ought to put this test to every man we know. We ought to let it be known that nobody who does not put America first can consort with us. But we ought to set them the example by thinking American thoughts, by entertaining American purposes, and those thoughts and purposes will stand the test of example anywhere in the world for they are intended for the betterment of mankind.

Two Americas Partners.

"You have heard of the Monroe Doctrine. You know that we are already spiritual partners with both continents of this hemisphere and that America means something which is bigger even than the United States and that we stand here with the glorious power of this country ready to swing it out into the field of action wherever liberty and independence and political integrity are threatened anywhere in the Western Hemisphere.

"And we are ready—nobody has authorized me to say this, but I am sure of it—we are ready to join with the

DANIELS ENDORSES WOMAN SUFFRAGE

Expresses Himself Publicly and Promises to Support the Cause as an Individual.

WOMEN FILLED WITH JOY

Believe Democratic Platform Will Favor Their Cause—Argue It is Wiser to Appeal to the Women Than Progressives.

St. Louis, June 13.—Joy filled the suffrage camps here tonight because today Secretary of the Navy Daniels publicly endorsed the equal rights movement and on every hand suffragists declared they believed the Democratic platform will favor their cause. The Secretary made it plain that he spoke only as an individual, but suffragists believed his words may have influence with the resolutions committee when it passes on the proposed suffrage plank of the platform.

"I believe," Mr. Daniels said, "that women should have equal rights with men. Insofar as I can help you as an individual, I will. I am not speaking for any one except myself, however, and I am not a delegate to the convention, so I cannot consistently take up the fight for you here. But I am in hearty accord with you and wish you the greatest success."

Virtually the same message was given by the Secretary to both the National Woman Suffrage Association and the Woman's Party representatives. He spoke directly to Miss Alice Paul and Miss Ann Martin, of the Woman's Party, and called Mrs. W. C. Fordyce, of the National Association, on the telephone. The Secretary declined to participate in the suffrage parade tomorrow, pleading previous engagement.

Miss Paul and Miss Martin said it would be much wiser for the Democratic convention to make overtures to the Woman's Party for support than to try to bring Progressives to the fold.

"There were only four million Progressive voters scattered throughout the United States in 1912," Miss Paul explained. "The Woman's Party offers you four million votes in 12 states." Mr. Daniels made no comment.

Secretary Houston also talked with the Woman's Party workers during the day.

One leading Democrat declared his party scarcely could do less than write as favorable an endorsement of the issue into the platform as the Republican platform contains, and expressed belief it probably would be stronger than that.

Senator Taggart, who has been recorded as opposing suffrage, today donated a box in the convention for the week to Woman's Party leaders.

Edward F. Golta and John T. Barnett, national committeemen from Missouri and Colorado, respectively, tonight announced their intention of marching in the suffrage parade tomorrow. About 8,000 women are expected to participate.

PROPOSED SUFFAAGE PLANK SUBMITTED FOR APPROVAL.

St. Louis, June 13.—Suffrage leaders tonight received for approval a tentative draft of a suffrage plank for the Democratic platform drawn by Secretary Daniels and other leading Democrats. The plank declares unequivocally for the passage by Congress of a suffrage amendment to the constitution.

Leaders of the Woman's Party immediately approved the form of the plank. The contention, however, has been that Congress should pass the Susan B. Anthony amendment without delay and are expected to press for such action. The plank, it is believed, will be satisfactory to the National American Woman's Suffrage Association, which has been contending only for an endorsement of suffrage.

The proposed plank follows:

"The Constitution provides that when any considerable number of people desire to have an issue referred to the people the Congress may submit the constitutional amendment to the legislatures of the separate states for ratification.

"Now that there are more than four million women voters in the country and the issue has been ratified by the legislative action of twelve separate states and as there is a recognized demand for equal suffrage among a large number of citizens, we favor the passage by Congress of a Federal amendment to the constitution, granting the right of suffrage to women, in order that the separate staes may by legislative act decide whether or not they wish such amendments adopted."

MOSS ELECTED MAYOR

Democrat Wins Over Independent Candidate at Newport News, Va.

Newport News, Va., June 13.—A. A. Moss, Democratic nominee for mayor, today defeated William C. Stuart, independent, by 194 votes. The total vote was the largest polled here in years, 1,354 persons voting.

Tampa, Fla., June 13.—Complete unofficial returns from last week's Democratic primary, compiled here tonight, show that Sydney J. Catts, of Dufuniak Springs, was nominated for governor by a plurality of 409 votes. Democratic nomination is regarded as equivalent to election.

RUSSIANS CROSS THE DNIESTER RIVER AND OCCUPY THREE TOWNS

Continue to Drive the Austrians, Capturing More Prisoners and War Supplies.

PRESS ON TO CZERNOWITZ

Austrians, Reinforced by Germans, Holding Muscovites Back in Tarnapol Region.

CANADIANS REGAIN GROUND

Only Intermittent Bombardments Going on Around Verdun.

In Volhynia and Galicia the Russians are continuing their strong offensive against the Austro-Hungarians and Germans, and on various sectors in both regions they have made fresh advances and captured additional prisoners and war stores.

In Galicja the drive of the Russians has brought them across the Dneister river, where they have captured the towns of Zale Szczyky and Horodenka, whence they are pressing forward toward the Pruth river and the Bukowina frontier, with Czernowitz their objective. Numerous Austrian fortified positions in this region have fallen into the hands of the Russians.

Austrians Check Advance.

Farther north violent fighting is taking place around Tarnopol, where the Austro-Hungarians, reinforced by Germans, are holding back the attempts of the Russians to advance in the direction of Lemberg, capital of Galicia. Northeast of Tarnopol, near Vorobiavka, east of Kozlov, which lies southwest of Tarnopol, the capture of a Russian advanced post is reported by Vienna.

In Volhynia, northwest and west of Lutsk, the Russians have driven out the Austrians near Rojitche and occupied the town of Torchin, while west of Kolki, north of Lutsk, the Austrians have again repulsed the Russians, who were attempting to cross the Styr river inflicting heavy losses on them.

No Great Number of Germans.

The division of Germans on the northern part of the front apparently has not yet assumed great proportions. The latest Petrograd official communication merely reports bombardments of Russian position sat many points, while Berlin only records the defeat of a Russian cavalry brigade southeast of Jacobstadt and an increase in the Russian artillery fire in the region of Baronvichi.

The Canadian troops in the region of Ypres have re-taken from the Germans southeast of Zillebeke, in a "gallant and successful assault," more than 1,500 yards of former British positions which the Germans captured recently. The regained ground was held despite a vigorous shelling by the Germans. The Germans suffered heavy casualties in the fighting.

After driving their wedge farther into the French line northeast of Verdun Monday, the Germans on Tuesday did not follow up their advantage with infantry attacks. Only intermittent bombardments are taking place around Verdun.

Austrian Positions Captured.

In the Lagarina valley of the Austro-Italian theatre, the Italians have taken by assault strong Austrian positions and repulsed heavy counter attacks launched by the Austrians. On the Posina Astico front the Austrians penetrated Molinsi but wre later driven out and in the Sugana valley they met with repulse, with considerable losses, in an attempt to advance east of the Maso torrent.

Slight successes for their respective sides in Asia Minor are reported by the Russian and Turkish war office. No important changes in the situation in this region have occurred.

CANADIAN TROOPS RE-TAKE POSITION FROM GERMANS

London, June 14. — Canadian troops in what the British official statement describes as a "gallant and successful assault," southeast of Zillebeke, recaptured a former British position over a front of more than 1,500 yards. Notwithstanding a severe shelling, the Canadians retain the ground gained, which is being consolidated. The statement reads:

"At 1:30 in the morning the Canadian troops made a gallant and successful assault southeast of Zillebeke. Their objective was our old position in that neighborhood, all of which was captured on the front attacked, extending from the southern portion of the Sanctuary wood to a point about 1,000 yards north of Hill 60—a total front of over 1,500 yards.

"In the course of the assault heavy losses were inflicted on the enemy and three officers and 123 men were taken prisoners.

"Our troops were subjected to a severe shelling for several hours after gaining the position, but were well supported by our artillery and retained the ground gained, which is being consolidated. Heavy bombardments by the enemy have continued during the

Chicago, June 13.—Ed Walsh attempted a 1916 "come back" today but Washington drove him from the slab in the third inning and made enough runs off him to win from Chicago 3 to 2. The big pitcher made a gallant start, fanning Judge and Milan in the first, but Morgan's walk and Foster's double gave Washington a run in the second and the Senators made two more in the third, whereupon Russell succeeded Walsh. Harper held the Sox to three hits and struck out seven. Kenneth McGovern, pitcher for Knox College, joined Washington today. Walter Johnson, advertised to pitch for Washington, was not in the game because of illness of a member of his family.

ROCKY MOUNT TAKES 6 TO 2 VICTORY OVER PETERSBURG

Rocky Mount, N. C., June 13.—Taking advantage of Mohart's wildness and hitting the ball in the pinches, explains the Champs' six to two victory over Petersburg this afternoon. The visitors' flinger, while derricked from precarious positions by fast double plays that prevented counts, was nevertheless accorded erratic support at times, which worked for his undoing.

Over against this Spaid was complete master of his game and it was the seventh, when the Down Homers had a lead of five runs, that the fellow allowed but three measly bingles to drop safe off him in as many innings. Alexander, for the visitors, came near provoking serious trouble in the sixth, when he made an attack on Manager Ryan, striking him in the face, but prompt action of the police with the co-operation of the players and Umpire Kennedy, who banished him from the game, averted trouble.

FAYETTEVILLE LOSES TO FAIRMONT IN GOOD GAME

Fayetteville, N. C., June 13.—Fairmont defeated Fayetteville, 8 to 3, here this afternoon in a game marked by good all round work on the part of the visitors and eight fielding errors made by the home team. L. Blue, of Fairmont, was given a three-base hit when Douglass threw his glove at the ball and stopped it.

M. F. SENECA CHARGED WITH EMBEZZLEMENT AT HOPEWELL

Said to Have Conducted Banking Institution—Has Disappeared.

Hopewell, Va., June 13.—Warrants sworn out by two Italian depositors in an institution, which the police say was conducted as a bank, charging M. F. Seneca, alleged president of the company with embezzlement, were issued here today, following the closing of the doors of the institution and the sudden disappearance of Seneca.

The police say that they have received over 100 complaints from persons claiming to be depositors i nthe institution and that they pere wositive that approximately $35,000 had been deposited with him.

Seneca left after telling a friend that he was going to Philadelphia and a Petersburg paper today received a letter from him, postmarked from that city, saying that he "regretted having to retire from business" here and that he wanted to "thank publicly all of my friends who have sympathized with me in my misfortune."

The police say that Seneca had taken out a Federal banking license but had never received a charter from the state corporation commission.

They claim he has been doing a banking business here since last fall.

Officials of other local banks declared today that they had notified the corporation commission of this fact, but that no action had ever been taken.

STORY OF HOW SHE SUFFERED FOR EIGHT YRS.

Told by Mrs. T. E. Green---Is Astonished at Results From Tanlac After Doctors' Treatments Failed Her.

"I am astonished at my improved condition from only one bottle of Tanlac, after suffering for 8 years, and having been treated by physicians and taking everything prescribed for me, and that I heard of, without gaining relief — and I want others to know about it," was the enthusiastic statement of Mrs. T. E. Green, to the Tanlac Man at the Haywood & Boone Drug Store.

"I suffered from acute indigestion, nervousness, a poor appetite and other symptoms attending a general run-down condition," Mrs. Green continued. "Now, thanks to the advice of friends and to one bottle of Tanlac, indigestion is gone as well as gas accumulations, bloating and belching after eating; I sleep well, my nerves are quiet, and I am very much improved in every way."

Mrs. Green, who lives at 313 Hunt street, Durham, is one of numberless persons to voluntarily tell how Tanlac offers relief from stomach and liver ills, kidney derangements, catarrh, nervousness, rheumatism, loss of appetite and sleep and strength, blood impurities, indigestion and others of the modern maladies.

Tanlac is sold and explained each day in Wilmington at the Bellamy Drug Store exclusively; in Burgaw, C. L. Halstead; Watson's Pharmacy, Southport; Bradham Drug Co., New Bern. Each town has a Tanlac druggist.

choose to give them, increases the danger of the situation. A demonstration that might end in blood shed among foreign residents, it is feared, could be easily provoked. The consequences probably would be far-reaching and the Washington government may be compelled to take measures which it has struggled for years to avoid.

President Wilson has no intention of changing his policy unless forced to do so. If a peaceful way can be found out of the difficulty presented by the Carranza note and the even more threatening spread of anti-American feeling in Mexico, that will be the course pursued. In his treatment of the Mexican problem, Mr. Wilson is said to have worked with regard to the effect each step might have upon Latin-American nations generally, hoping to give them a clear demonstration of the good faith of the United States in its declarations of friendship.

Anti-American Feeling Spreads.

It is known that before the outbreak of anti-Americanism complicated further the problem of framing a reply to the Carranza note officials were considering a proposal that an international commission be formed to discuss all matters between the two countries. With the new and alarming development beyond the border, however, there seems little possibility that such a course will be followed.

No important dispatches were received at the War Department today. Transportation of the 1,500 additional regulars ordered yesterday to join General Funston is being arranged.

At the State Department consular reports continued to tell of the spread of anti-American feeling, though none of the demonstrations reported had any serious proportions.

IDENTIFICATION OF BODY OF VILLAREAL CONFIRMED

Washington, June 13.—The State Department today received confirmation of the identification of one of the Mexicans killed in the Coleman ranch raid as Lieutenant Colonel Villareal, of the Carranza army. It is understood the development immediately was called to General Carranza's attention, but officials were inclined not to give it special significance pending an explanation from the de facto government. The loose control of the Carranza commanders over their men is one of the complicating factors with which the administration has been confronted all along.

SEVERAL LIVES LOST WHEN ELEVATOR BURNS

Two Steamships Damaged at Canton, a Baltimore Suburb.

From Four to Ten Men Perished While More Than Forty Were Injured—Bomb Theory to be Investigated. Loss Over $2,000,000.

Baltimore, June 13.—Pennsylvania Railroad elevator No. 3, on the harbor front at Canton, a suburb, was burned today, with a loss of life estimated at from four to ten men and injuries to more than 40 others. The victims were mostly elevator employes and cargo trimmers. Three of the injured were in a critical condition tonight.

Two steamships, the Wellim Van Driel, Sr., a Dutch vessel, and the British steamer Welback Hall, which were loading grain at the elevator, also were badly damaged by fire and wreckage dropped upon them from the elevator. The flames damages an ore pier next to the elevator and several strings of grain cars in the elevator were burned.

While the fire is thought to have been caused by an explosion of grain dust, a theory was advanced that it may have been caused by a bomb. The theory will be investigated, it was said.

The blast blew out the 90 foot tower, or upper elevator, and in an instant the whole building was ablaze.

Conservative estimates placed the total loss at more than $2,000,000. Altogether about a million bushels of wheat, oats, barley, rye and buckwheat were destroyed.

Scores of men barely escaped with their lives. Thirty-four grain handlers and stevedores, who were partially imprisoned in the hold of the Welbeck Hall, fought their way to freedom over the piles of grain. Gaining the deck they found their way to shore cut off by the flames. Some of them jumped overboard and were picked up and launches took off the others. Two gangs of grain handlers, imprisoned on the Willem Van Driel for a time, made a dash across the elevator wharf to safety, but they were showered with sparks and burning wood and only a few escaped unscathed. The charred bodies of two men were found in the hold of the Willem Van Driel tonight.

other nations of the world in seeing that the kind of justice prevails anywhere that we believe in.

American Dignity and Power

"So that you are graduating today, gentlemen, into a new distinction. Glory attaches to all those men whose names we love to recount, who have made the annals of the American army distinguished. They played the part they were called upon then to play with honor and with extraordinary character and success. I am congratulating you, not because you will be better than they, but because you will have a wider world of thought and conception to play your part in. I am an American but I do not believe that any of us loves a blustering nationality with its elbows out and its swagger on. We love that quiet, self respecting, unconquerable spirit which does not strike until it is necessary to strike and then strike to conquer. So my conception of America is a conception of infinite dignity, along with quiet, unquestionable power. I ask you young gentlemen to join with me in that conception and let us all in our several spheres be soldiers together to realize it."

Norfolk, Va., June 13.—In the Norfolk mayoralty election today Capt. W. R. Mayo, incumbent and Democratic nominee, defeated Dr. James G. Riddick, independent, by a majority of 48 in 4,500 votes cast.

HUGHES SAYS HE IS AN OUT AND OUT AMERICAN

Defines Attitude Toward Support of German-Americans.

Declares It is One of "Undiluted Americanism"—Spends a Busy Day and Receives Many Callers. Progressive Support.

New York, June 13.—Charles E. Hughes today defined his attitude toward German-American support as one of "undiluted Americanism." In a statement, the first issued since his acceptance of the Republican nomination for President, he said: "I stated my position very clearly in my telegram to the convention. My attitude is one of undiluted Americanism and anybody that supports me is suporting an out and out American and an out and out American policy, absolutely nothing else."

The nominee's day, a busy one, was devoted almost exclusively to receiving callers, among whom were several Progressive leaders and Republican supporters of Colonel Roosevelt.

Everett Colby, of New Jersey, who placed John M. Parker in nomination for the vice presidency at the Progressive convention, and Theodore Douglas Robinson, nephew of Colonel Roosevelt and a former Progressive leader in New York, called during Mr. Hughes absence at luncheon.

They left word that they would return in a day or so to deliver in person their pledges of support. Oscar Straus sent a telegram from Cleveland pledging support and followed in person later to congratulate the nominee and reiterate his pledge.

Republican leaders who saw Mr. Hughes included former Governor Odell, of New York; Dr. Nicholas Murray Butler and Lloyd C. Griscom, of New York. Dr. Butler, who placed Elihu Root in nomination at Chicago, spent nearly an hour conferring with Mr. Hughes. Henry Clews, the New York banker, and Frank A. Vanderlip, president of the National City Bank of New York, made brief visits.

Suffrage leaders sought vainly to obtain the nominee's views as to their cause. Miss Lucy Burns and Mrs. Charles A. Beard tried unsuccessfully to see him. Mrs. Laura B. Prisk, chairman of the Woman's Republican Committee of New York, had a two minute talk with him during which he said he probably would make known his views on suffrage in his formal speech of acceptance.

The date of his formal notification of nomination may be settled definitely within a few days, as word was received tonight that the committee from the National Committee might reach here tomorrow.

(Special Star Correspondence.)

Rocky Mount, N. C., June 13.—More than 35 Boy Scouts of America, of troop No. 1, and nearly a score of Girl Scouts from the various troops of the girls' organizations of Rocky Mount left this city at 5 o'clock this morning for a ten days' trip to Camp Glenn where they expect to have the time of their lives in camping, boating, fishing and bathing in the surf.

Rev. R. C. Craven, Scout master; Mr. L. L. Shamburger, assistant Scout master, and Mr. J. S. Girwood, together with Mrs. W. H. Horne and Mrs. E. Epstein, will have charge of the party.

NO SECOND PRIMARY IN RACE FOR ATTORNEY-GENERALSHIP

Jones Yields to Judge Manning, Though Latter Lacked Majority.

Raleigh, N. C., June 13.—James S. Manning will succeed Thomas W. Bickett as attorney-general of North Carolina, when the former shall take his oath of office as governor next January. Edmund Jones will not ask for a second primary. He was next to Manning in the race for attorney-general. It was thought for a day or so that Sinclair would be the one to say whether there should be a second primary, but it was, in the final wind-up, up to Jones, who led Sinclair and the rest of the delinquents, to say whether there should be, and he decided that he would not call for the extra expense it would incur.

Second Primary In The Sixth Ordered

GODWIN AND BROWN TICKETS ORDERED PRINTED BY STATE BOARD—COLUMBUS MAN DEMANDED PRIMARY.

(Special Star Correspondence.)

Raleigh, N. C., June 13.—Official notice has been received by the State Board of Elections from J. A. Brown, in the Sixth congressional district, that he demands the second primary with Congressman Godwin. The formal order for this was made yesterday and the order placed with State printers for the necessary Godwin and Brown tickets. This primary is to be pulled off on July 1.

The State Board has never received the official returns from Pamlico county and in finishing up its work yesterday on the first primary returns merely incorporated an estimated unofficial vote for Pamlico. The formal certification of the votes for State officers were filed yesterday afternoon with the Secretary of State, rounding out the work of the board with the first primary returns.

However, Col. Wilson G. Lamb, chairman, found it necessary, much to his regret, to forego his trip to St. Louis as a delegate to the National Democratic convention because of the necessity to give personal attention to the preparations for the second primaries.

There is to be one second senatorial primary if demand is made for it by the leading candidates, according to announcement made by the State Board of Elections. This is in the Seventh senatorial district, which has two senators. W. D. Pollock, of Kinston, was nominated with 3,167 votes. The two next highest were Paul Webb, with 1,906, and Fernifold Brock, with 1,903 votes. Also, J. F. Wooten received 1,408 and L. J. Mewborn, 681 votes. The State Board of Elections gave notice to Webb and Brock that the second primary is up to them.

PYTHIANS ENJOYING MOUNTAIN DELIGHTS

More Than Three Hundred Are Gathered at Waynesville.

Forty-Eighth Annual Grand Lodge Session of North Carolina Opened Last Night—Dokies Have the Floor Tonight.

(Special Star Telegram.)

Waynesville, N. C., June 13.—The opening session of the 48th Grand Lodge of Knights of Pythias of North Carolina was held here tonight with representatives present from all sections of the State. Attendance at the opening exceeded 300. The opening session was in the nature of a public reception, being held in the spacious auditorium of the public school building.

A splendid musical programme, including orchestra numbers, solos and quartettes, was rendered. The visitors were welcomed for the city by Mayor Clyde H. Ray, for the fraternal orders by former Attorney General Robert D. Gilmer, and for the neighboring lodges by D. J. Kerr, of Canton. The response was delivered by Past Grand Chancellor George L. Hackney, of Lexington.

Ideal weather is emphasizing the wonderful mountain beauties of Waynesville, and the city is gay in its decorations, combining the national colors with those of the Pythians. The opening attendance is one of the largest in the history of the order, and the visitors are enthusiastic in expressing their delight with their convention city.

Wednesday will be taken up with business sessions of the Grand Lodge, Wednesday night being left open for the Dokies.

The degree team of the latter arrives in the morning in a special car from Charlotte and they will have more than a hundred Tyros to work upon tomorrow night. The annual banquet will be served at the Haywood White Sulphur Springs Hotel prior to the beginning of degree work.

SONNET TO EARL KITCHENER

Written by British Poet Laureate, Dr Robert Bridges.

London, June 13.—The Times today prints a sonnet to the late Earl Kitchener written by Dr. Robert Bridgers, the British poet laureate. The sonnet follows:

"Unflinching hero, watchful to foresee
And face thy country's peril wheresoe'er
Directing war and peace with equal care
Till; long toil ennobled, thou wert he.

"Whom England called and bade 'set my arm free
To obey my will and save my honor fair'
What day the foe presumed on her despair
And she herself had trust in none but thee.

"Among herculean deeds the miracle
That mass'd the labor of ten years in one
Shall be thy monument. Thy work is done
Ere we could thank thee and the high sea swell
Surgeth unheeding where thy proud ship fell
By the lone Orkneys ere the set of sun."

200 LONGSHOREMEN STRIKE

Coastwise Freight Shipments Out of Boston are Affected.

Boston, June 13.—Freight shipments from this port for Baltimore, Philadelphia, Norfolk and Newport News were affected today by a strike of 200 longshoremen employed by the Merchants and Miners Transportation Company. Officials of the line said vessels probably would sail on time, although cargoes might be limited. The strike followed the company's refusal of demands by the longshoremen for a wage advance.

TWO HURT; ONE FATALLY

Captain W. H. Collins, of Norfolk, Dies as Result of Auto Accident.

Suffolk, Va., June 13.—In an automobile accident this afternoon near here Captain W. H. Colins, of Norfolk, was fatally injured and Cleveland Staylor was badly hurt. Captain Collins lost control of the roadster in which he was en route to Suffolk, the machine going over an embankment and turning turtle. He died an hour after the accident in a local hospital. Staylor may recover.

Kinston, N. C., June 12.—About 38 or 40 entries have been promised for the racing meet to be held by the local matinee association at the fair grounds on June 29. Some of the fastest horses in the eastern part of the state are expected. Purses aggregating $500 are offered for three events.

How America's largest cigarette manufacturer accomplished "the Impossible" *by producing a* MILD *cigarette that* SATISFIES. *It is the* CHESTERFIELD *Cigarette* : : : : : : : :

ALMOST anybody can make a cup of coffee. But there are said to be not over a half-dozen restaurants in the United States where they know how to make it *right.*

Similarly, almost anyone can make a cigarette. Just roll up some tobacco in a piece of pure paper—and there you are.

There are, perhaps, over 800 brands of cigarettes sold in this country today. But not one of them does what Chesterfields do—for Chesterfields are MILD; and yet they SATISFY.

Some cigarettes may be mild, but they don't satisfy. Only one cigarette does BOTH—Chesterfield!

This truly unique cigarette has all of that refreshing taste-delicacy (or mildness) which any good cigarette must have. Yet, without sacrificing any of this delightful mildness, Chesterfields go one step further—they do *more* than merely "please your taste"—*they let you know you've been smoking.* They *satisfy!*

And yet they're *mild!*

A Step Forward in Cigarette-Making

WE are proud to be the firm that brought about this important development in cigarette enjoyment—for that is exactly what the Chesterfield blend is.

This cigarette is an outgrowth of long earnest effort on the part of this, the largest cigarette manufacturing concern in the United States.

The mild, yet satisfying Chesterfield blend is not the result of happy chance. It is one of the results of our many years of cigarette experience—of the heavy volume of our purchases of cigarette tobacco—of the prestige and advantage these enormous purchases give us in securing the choicest leaf from the tobacco fields of the world.

Chesterfields are an achievement.

A New Thing for a Cigarette to Do

CHESTERFIELDS do the one thing you have always wished a cigarette *would* do—*they satisfy!*

Smoke them and we believe you will find that ordinary cigarettes seem by comparison almost flat.

Give Chesterfields a trial. We believe you will be glad to learn what they can teach you about cigarette enjoyment.

* * *

You have been reading here some rather unusual, almost daring, statements about a cigarette. If Chesterfields were an untried cigarette—if we had not been observing their behavior in other cities—if we did not KNOW that they *make good* with smokers, we could not afford to make these statements to you over our signature.

But these statements, strong as they are, can mean little or nothing to you until you have actually smoked your first Chesterfield.

You will find that your own dealer has Chesterfields waiting for you.

WEDNESDAY, JUNE 14, 1916.

TOP O' THE MORNING.

The wise and true
Crave not for lofty tasks, but turn the small
To greatness by the great heart doing all for God.
—SELECTED.

Never throw away what you can can.

Ten thousand home canning outfits are needed in Eastern North Carolina.

People who think they are beaten before they start are never in it at the start.

Hope springs eternal in the human breast. Quitters are they who never do their best.

"Hearty dinner cost $40." The price indicates that it was a dinner for only one man.

The legalized primary means that the people select the men for office as well as elect them.

We have to wait and see whether Barnum's word still goes as to the American people.

The "favorite sons" got left because they never took the trouble to be favorite sons of Wall Street.

There may be nothing in a name, but Mrs. Helen Lyde when she was arrested in Baltimore a few mornings ago.

The Colonel is now in a position to realize that a man who keeps right on butting in finally butts right up against it.

The Wilson band wagon will get on more steam after what is going to take place at St. Louis within the next day or two.

The old convention system in North Carolina meant nominations by classes; the State-wide legalized primary means nominations by the masses.

An old soldier says the only thing that keeps a man on the firing line at times is that others happen to stay there to keep him company.

There wasn't enough "heroic mood" in evidence to induce Oyster Bay to take a hike to Chicago. The amount of weaselism in this country is awful.

People who think that lying is a thing of the past will soon begin to believe lots of the lies they are going to hear between now and November.

A murder has been traced to a recent American book. We have been thinking all this time that suspicion finally would point to modern "American literature."

The G. O. P. convention at Chicago played the Bull Moose as if they knew his limit in the game. Mates, it is a sad and sorrowful tale, but somebody has to tell the tale.

Don't ever yell for a hero till you know that he is going to fight with you to the last ditch. Some people's ideas of "heroic moods" have had a sure enough wet blanket thrown over them on the last round.

How in the world could the G. O. P. expect the people to warm up to two such cold propositions as Hughes and Fairbanks. However, Hughes has laid off his reserve with his ermine robes and is trying to warm up.

The people ought to appreciate the State-wide primary. It is the first time they have exercised their right to rule, and they can be their own judges as to whether they or the politicians are better qualified to choose candidates.

Says the Durham Herald: "Those who think that legislation can make us good, still think it should make us rich." Yes, the boob class believe every word of it. The fact is, legislation increases the cost of our "liberty" and makes the few rich at the expense of the many. Some people cling to the idea that the whole country can be made prosperous by legislation that makes millionaires of some who are given the power to pauperize the masses.

ROBERT CURTIS OGDEN.

The Star is obliged to Mr. H. E. Fries, of Winston-Salem, for a neat little volume published in memory of the late Mr. Robert Curtis Ogden, of New York, a powerful friend to education generally and in the South especially. The little book of 55 pages is edited by Mr. Fries, who served for many years with Mr. Ogden on the Southern Education Board, of which Mr. Ogden was president up to the time of his death. The title of the little book is "In Memory of Robert Curtis Ogden, True Friend, Patriotic Citizen, Unofficial Statesman, Christian Gentleman." It is a touching tribute by Mr. Ogden's North Carolina friends in whose hearts there is monumental gratitude for the unselfish generosity and philanthropy so unostentatiously and earnestly displayed by him in behalf of the cause of education in the South.

The memorial is not the expression of one Carolinian but of a number who contribute to the volume their reverent appreciation of the life and deeds of a man whose rare character and genius were emphasized in his devotion to the betterment of the school advantages of that portion of our population that most needed assistance at the time it came so free-heartedly from a benefactor now enshrined in the herats of those closely associated with him in the great work inaugurated and accomplished by him. The preface was written by Dr. J. Y. Joyner, Superintendent of Education for North Carolina. Among the contributors are Dr. Edwin A. Alderman, president of the University of Virginia and former president of the University of North Carolina; Dr. Francis Greenwood Peabody, of New York; Dr. Samuel Chiles Mitchell, president of the Medical College of Virginia; former President William Howard Taft; Dr. P. P. Claxton, United States Commissioner of Education; Miss J. E. Davis, Dr. David H. Greer, Edgar Garden Murphy, Dr. Walter H. Page, S. G. Adkins, John W. Fries and H. E. Fries. Mr. H. E. Fries contributes three poems that fit in with the theme and help to give the little book the sincere sentiment that it is intended to convey.

None of us can ever forget Mr. Ogden, for he was an inspiration to education in North Carolina. We cherish his memory, and the memorial volume will be a reminder to those who are yet to learn of the beneficence of the subject of the volume. It is proposed to erect a memorial to Mr. Ogden and it is hoped to place this booklet in every rural library and public school in North Carolina. It will be sold for 25 cents and the profits from sales will be devoted to the memorial fund. Orders may be sent to Mr. Henry E. Fries, Winston-Salem, N. C.

SITTING UP WITH ITS OWN CORPSE

An Oyster Bay special states that "Colonel Roosevelt spent the Sunday of a beaten man—despondent, morose and incommunicative—closing the gates of Sagamore Hill to newspaper men for the first time since he entered the limelight of politics when he became New York's police commissioner." To newspaper men who have known him for years he declined to make any statement over the telephone and gruffly informed them, "I am out of politics." He hung up the receiver with a bang, and that was the end of it.

The Colonel says he is "out of politics," and he ought to know. When a fellow is knocked out of politics he knows it better than anybody else. It seems that the Colonel took the Progressive party out with him when he got out of politics. The Bull Moose convention sat in Chicago as if it really thought it was very much in politics. It did all the enthusing and yelling and thought it was alive till it nominated the Colonel and he declined.

Then the Bull Moose party had to sit up with its own corpse at Chicago, Saturday night a score of the leaders got together and decided that for this campaign, and probably for all others, the Progressive party is a dead duck. They decided to stick together in the hope that something might turn up, but they don't expect much along that line. They decided to go back to their states, talk to the people and act in accord with the best judgment of the people at home. Then they will attend the national committee meeting on the 25th of June, when they will get the Colonel's final word and will decide what else can be done.

They say that nobody can promise the Bull Moosers to any other party, but the probability is that each Progressive will decide for himself for whom he will vote. The Republicans didn't even bother with inviting them to endorse Hughes and Fairbanks. As a matter of fact, the Progressive party rather considers that its name is mud.

LIVESTOCK ASSOCIATION FOR COLUMBUS COUNTY.

The Star has been urging the organization of livestock associations in every county in North Carolina and especially in the Cape Fear country, where the adaptabilities for cattle and hog raising come as near being ideal as possible, the only exception being removable by the determination of intelligent citizens, and the application of scence. The counties are taking seriously the splendid opportunities that are theirs, and The Star is gratified that the progressive county of Columbus is to be the first in line with a county livestock association.

Dr. T. M. Owen, of the United States Department of Agriculture, was in the city yesterday on his way to Columbus to organize that county's association and to inaugurate a tick eradication campaign in the county. The Texas cattle tick is the one drawback to complete success in cattle raising and its eradication is only a matter of earnest effort on the part of those of our people who desire government co-operation along systematic lines. The tick eradication campaigns in Georgia and Alabama have made tremendous progress and the government is more than willing to send its experts to North Carolina to do a work that ultimately will be the salvation of our farmers.

VEGETABLE OILS FOR PURE SOAP

It is reported from Marseilles, France, that owing to the freight congestion caused by the war the great soap industry of that great city is almost paralyzed. Consequently seed and vegetable oils heretofore exclusively used in fine soaps cannot be exported in large quantities. Because of the manufacture of fine soaps, the crushed oil industry in Marseilles is one of its chief manufacturing elements.

Marseilles manufactures large quantities of peanut oil, especially the soap grades, and about forty mills are now running. The production has fallen off about 75 per cent, owing to the present crop shortage in India. In spite of the war, however, the soap factories are kept busy in the utilization of various kinds of seed and vegetable oils.

The South ought to catch on to something from this combined oil and soap industry at Marseilles. We can raise all the peanuts needed for oil purposes in this country, and now that North Carolina is growing soy beans and converting them into oil, the manufacture of soap ought to be a great Southern industry some of these days.

The South has the advantage that it produces half a dozen oil yielding products and we ought not to be behind any part of the country in utilizing these oils in home manufactures.

In Hughes' first public statement following his nomination he seems to have tried to talk as near like Teddy as possible. When he formally "re-entered politics" on Monday in New York he seems to have tried to act as near like Teddy as possible. Evidently he is making a desperate bid for the Rough Rider's support, and, with a little more practice, he will probably get himself trained up to the point that the Great Hunter can O. K. him.

The joke of the season is the cry of "disfranchisement" made by any intelligent man who was not allowed to vote in a Democratic primary because he would not say he was a Democrat. One of the purposes of the primary law is to prevent men who are not Democrats from participating in the nomination of Democrats for office and then voting in the election against the same men they help to nomniate.

CURRENT COMMENT

Mr. Hughes is the right kind of a Republican, but we cannot imagine him making much of an appeal to the independent voter.—Durham Herald (Ind.)

Some editorial observers think that the people, after crying for a long time for a chance to nominate candidates for office, showed by their light vote in the recent State-wide primary that they did not care so much about it after all. Maybe that is so, but The Robesonian believes, rather that the vote merely indicated that the people felt secure in their right and saw no special reason for casting a heavy vote. If you pass around a box of cigars and a man says "No, thank you," that does not mean that he never smokes or that he does not approve of smoking or never will want to smoke. The primary gives the people the chance to speak when they want to speak, and just because all of them did not see fit to vote in the recent primary is a mighty poor reason for concluding they never will want to vote. It is another sight better than the old convention plan by which a few men control the whole works and often defeat the will of the people.—Lumberton Robesonian.

"The Underwood Tariff Act is a complete failure in every respect. Under its administration imports have enormously increased."—Republican Platform. This declaration is altogether worthy of the source from which it emanates. As the New York World points out, while it is true that in the nine months ended last March our imports increased $106,000,000, or 7 per cent over 1914, our exports in the same nine months increased $1,114,000,000, about 60 per cent, and it is the exports, which really tell the tale. If our industries are to continue to expand the expansion must obviously come largely through development of foreign commerce, and only the blindness that will not see can fail to recognize that outside buying is essential to outside selling. No people ever yet attained to any thing even approximating maximum prosperity through trading exclusively among themselves, and no people ever will. To attemt so to do would be on a par with trying to lift oneself by tugging at one's own bootstraps.—Norfolk Virginian-Pilot.

Elsewhere in this issue will be found an article on Robeson county, prepared by the North Carolina State Bureau of Publicity. The article is based on the government report of 1910. The population of the county has increased since these figures were obtained, and the agricultural report of livestock products also would show an increase now. Secretary J. C. Forester in sending this report to The Robesonian writes: "What you need is more advertising to induce settlers to come into your county and help cultivate the large per cent of idle lands." In that paragraph Mr. Forester sums up the matter in a few words and puts his hand on the greatest need of the county. Robeson is indeed a great county in every way. This article shows how it ranks with other counties in the State. A citizen of Robeson may boast that he is a citizen of no mean county. It is still the largest county in the State, despite the fact that a portion was cut off a few years ago to help form the county of Hoke. Here is "room and continent" enough to give to each of 5,000 additional families a farm of 75 acres. And it is our firm belief that nowhere on earth can 5,000 families of the right sort find better opportunities than in this county. A Robeson County Bureau of Publicity ought to be formed to advertise the county to the outside world.—Lumberton Robesonian.

HEALTH IS WEALTH
by John B. Huber, A.M., M.D.

The three most precious things in life are—health, liberty and virtue.—TRIODD.

Job's Comforters.

A BOIL begins with an itchy sensation; then comes the pimple, next the pustule. In a week or ten days, if untreated, the boil matures and finally expels its slough or "core." There is pain—a dull ache—with constant throbbing and a drawing sensation, sleeplessness and generally a pretty mean feeling. Boils come singly or in crops. A blind boil does not point at the top with matter; in time it just disappears by absorption of the matter in the skin.

Almost all boils come about through the entrance of germs into a hair socket or a skin pore. A favorable skin soil is necessary for the growth of these germs and the consequent development of boils. Dirty and infrequently changed underclothing help. And dirty fingers scratching a boil will carry infection to other parts; that is how the "crops" develop. Chafed skin that has been scratched by clothing frayed, collars and so on, makes fine soil for the boils. So it is that people emaciated, or run down, or poor-blooded, or overworked, or who have diabetes, or who have had some such weakening disease as typhoid fever or measles or scarlet fever manifest a tendency to boils—that is, furunculosis—a kind of boil habit.

Naturally, then, to get permanently rid of boils, one must do two things: 1, tone up the body; and 2, treat the boils locally. 1. We use general hygienic measures, fresh air, nutritious food, plenty of rest and sleep. Cod Liver Oil is good; so is a quarter of a pound of butter a day, used in the cooking, spread on bread, mixed with cereals and so on. A tonic pill of iron and arsenic may be taken three times a day for ten days. 2. A good many boils have been arrested in their growth by applying a drop of pure carbolic acid from the end of a clean toothpick on the point of the boil, precisely in the center of the pus. This use of carbolic must not be repeated. Once a day prepare a basin of tepid water, mix with this a tablespoonful of boracic acid and twenty drops of pure carbolic acid. In this lave the region of the boil thoroughly. Then dry and apply over the boil, on lint or flannel, a ten per cent. salicylic acid ointment (the druggist will supply it), and bandage over all. All clothing that has been in contact with boils must be washed in boiling water. When the boil is "ripe" it will help considerably to have the doctor lance it. Anyone with a tendency to boils should keep the skin especially clean by frequent bathing

HAS HAD THE GRIP.

F. T. writes: I have had the grip this winter and am over it; but have very bad headaches, mostly on top of my head and have lost my sense of smell entirely. I also have a nursing baby, three months that is not just feeling well. I sweetened his water with honey and he was getting very bad; would not take the breast. What do you think is ailing him?

Answer: Your kind of headache generally indicates some trouble with the womb; better see your doctor about it. The sense of smell usually returns after grip. Try to keep the baby on the breast. It will be too bad to change to the bottle at three months, and just when summer is coming on. The honey has probably produced a sour stomach and indigestion, as sweets are likely to do in infants. Try him for a day with albumen water (the white of an egg stirred up in half a tumblerful water), or a teaspoonful of milk-sugar in water, or just pure water. Offer an infant always plenty of water to drink. Maybe you feed the baby irregularly. Every two hours and a half is enough—better every three hours; and no night feedings. Six feedings in twenty-four hours. If the movements are green and bad-smelling, give one-tenth of a grain of calomel dissolved in water three times a day for two or three days.

LEPROSY.

Answer to L. H.: Leprosy is caused by a very slow growing germ that is similar in many ways to, though not nearly as virulent, as the tuberculosis germ. There is a great deal of very ignoble fear of leprosy; if people were one-half as frightened about ordinary consumption as they are about leprosy, such fear would within a few years result in consumption being wiped off the face of the earth.

THOUSANDS OF FLAGS FOR BIG CELEBRATION

Singing Patriotic Songs At Lumina Tonight A Feature

Junior Order Will Participate in Exercises at Wrightsville Beach—Souvenir Dance and March. Gala Festival.

Wilmington and Wrightsville Beach will join in the celebration of today as "Flag Day," in accordance with President Wilson's proclamation, and it is safe to say that nowhere in this big country will there be more evidence of real genuine patriotism than in the City-by-the-Sea and at the beach. Thousands of flags have been secured and even yesterday they were much in evidence.

About 50 cottages at Wrightsville Beach have been decorated in festive attire with "Old Glory," while Lumina, the popular pavilion, where the exercises will be held tonight beginning promptly at 8:15, and the new auditorium on Harbor Island, now in process of construction, will be decorated in a most elaborate style. Flags will be hung from the span wires at the beach all the way from the Oceanic hotel to Lumina. In Wilmington will be seen hundreds of flags.

The two Wilmington councils of the Junior Order will participate in the exercises at Lumina tonight ,one of the features of which will be the impressive flag raising ceremony. There will be a large chorus of trained voices to lead in the singing of patriotic songs in which everyone of the thousands who will attend will be expected to join. Then will come the souvenir dance. The souvenirs will be most attractive and unique.

Handsomedy printed programmes containing the words of the songs that will be sung, have been prepared and will be distributed tonight. This programme was prepared by the Wilmington Chapter of the National Special Aid Society. As stated, the exercises will begin promptly at 8:15 o'clock and the programme will be as follows:

Music by Don Richardson Orchestra.
March.
"Star Spangled Banner."
Flag Raising by Junior Order United American Mechanics (George Washington and Jeff Davis Councils).
Dance.
"America."
Souvenir Dance and March.
"Old North State."
Dance.
"Dixie Land."
Dance.

The chorus which will lead in the singing of the songs tonight will be composed of the following talented singers from Wilmington: Mesdames T. M. Green, E. K. Bryan, F. M. Ross, E. McI. Gregg, Greene Fenley, Longfellow, J. D. Edwards, W. L. Warring, J. A. Parham, Misses Annie Lockfaw, Sallie Smith, Katie Foard, Mary Houston, Agnes Chasten, Pauline Williams, Margaret Nash, Isabelle Kirkham, Mary Owen Green, Carrie White, Annie Banks, Mrs. F. A. Muse, Mrs. E. C. Holt, Miss Julia Post, Mrs. A. M. Waddell, Miss Nellie MacMillan, and Messrs. Greene Fenley, Charles Schulken, W. L. Williford, Bert Jones, Dan Lockfaw, Edgar Childs, F. B. Garrell, Frank Banks, R. R. Christie, Murray Thomson, Wilbur Dosher, Ed Munson, F. W. Tremaine, R. F. Fowler, G. C. Gaddis and George Haskett.

Mr. W. A. French, chairman of the committee on arrangements, has had the active and hearty co-operation of Mayor Thos. H. Wright, of the town of Wrightsville Beach, and the other members of the committee, and the indications are that this festival will be one of the most successful in the history of the beach.

Marshals have been appointed to see that everything goes off tonight without a hitch. They are as follows: Mr. Albert Perry, chief marshal, and Messrs. J. H. W. Bonitz, Louis Cotchett, W. A. French, Jr., J. H. Hinton, Jr., Harry Solomon, R. H. Grant, Louis Stein, Jr., John Denny Corbett, Heiskill Gouverneur, Dick Meiers, Greene Fenley, Robert Strange, Harris Alderman, Fred Banck, Carl Fick, Andrew Harriss, Jr., Paul Cantwell (in charge), L. F. Burnett.

REV. W. M. CRAIG TO DELIVER ANNUAL MEMORIAL SERMON

Next Sunday Night at the First Baptist Church—Special Programme.

Rev. W. Marshall Craig, acting pastor of the First Baptist church, will deliver the annual memorial sermon to the members of Cape Fear Division, No. 780, Brotherhood of Railway Trainmen, next Sunday night at the First Baptist church. A special musical programme will be rendered and Mr. Craig has prepared an appropriate address which will be heard with interest by both the members of the order and others who attend the services. As a token of the esteem in which he is held by the members of the order, Mr. Craig was yesterday presented with a handsome silk umbrella, by Mr. Clarence Leon, of the Memorial committee, and for which Mr. Craig expressed deep appreciation.

All members of the division or visiting members of similar divisions who may be in the city, are requested to assemble at the hall of the Brotherhood of Odd Fellow's building at 7:30 o'clock Sunday night and proceed in a body to the church, where special seats will be reserved for them.

FUNERAL OF MR. HUGGINS.

Services Were Held Yesterday From the Residence.

Funeral services for Mr. George W. Huggins, who died Monday morning at his home on Market street, were held yesterday afternoon at his late residence at 5 o'clock. The services were conducted by Rev. Dr. J. M. Wells, pastor of the First Presbyterian church.

The members of Cape Fear Camp, No. 254, United Confederate Veterans, of which Mr. Huggins was a member, attended in a body. Included among those who attended were the four surviving members of the Wilmington Rifle Guards, of which Mr. Huggins was a member during the war. Many beautiful floral tributes were received from friends of the deceased. Interment was in Oakdale cemetery.

The following acted as honorary pall-bearers: Gen. James I. Metts, Capt. Walter G. MacRae, Capt. J. C. Everett, Dr. A. M. Baldwin, and Messrs. Eugene S. Martin, C. H. Robinson and Jeff Smith. The active pall-bearers were Messrs. L. Leon, Herbert McClammy, R. F. Hamme, A. M. Hall, C. B. Newcomb, and Thomas E. Cooper.

NEW MILITIA COMPANY TO BE ORGANIZED HERE

If Movement Now on Foot is Carried Through.

Captain E. P. Bailey, of the W. L. I., Explains Provisions of New Army Bill Which Provides Ample Compensation for Men.

That a new company of the National Guard will probably be raised in Wilmington as a result of the new army bill which has been passed by Congress and goes into effect July 1, was the very interesting prediction made last night by Capt. Edward P. Bailey, of the Wilmington Light Infantry, who was asked by a representative of The Star, to discuss the probable local effect of the new law, which nearly doubles the size of the National Guard

According to Captain Bailey, a movement is already on foot in North Carolina to form a complete regiment of 12 companies of Coast Artillery, instead of the six which this branch of the Guard consist of in this State. If this is done, Captain Bailey believes that another company will be raised in Wilmington and that it will be formed as a Coast Artillery unit, as more men and a better class of men are needed in this branch of the militia than in any other.

Another interesting development which may occur, although Captain Bailey did not mention it, is that the members of the Boys' Brigade, may be incorporated into the National Guard. Although no official statement has been made concerning this interesting contingency and nothing authoritative could be ascertained last night owing to the absence of Colonel Walker Taylor, the commander, from the city; it is understood that the matter is being considered and discussed by the officers and members of the Brigade, and if the members all sign up in favor of the proposition, it will probably be put through.

Each member of the W. L. I., who is a private, in common with all members of the National Guard, will receive $50 a year after July 1 as is provided in the new army bill. This is equivalent to 25 per cent of the initial pay for enlisted men of corresponding grades in the regular army.

Certain conditions are made, however, which the men must fulfill before they are entitled to receive this compensation. They must have attended 48 drills during the year, and only a proportionate amount is paid for attendance upon a lesser number of drills. The compensation is computed for semi-annual periods, beginning the 1st of January and the 1st day of July in ratio to the number of drills attended and nothing is paid in the six months unless 24 drills have been attended during this time, though if he has attended less than 24, this will be reckoned with the number attended in the second semi-annual period.

In discussing the above feature of the bill, Captain Bailey declared that it would undoubtedly have the effect of awakening an increased interest on the part of the members of the militia and will make the matter of increasing its size throughout the country much easier. Continuing he said:

"The highest provision for the compensation of officers of the Guard under the terms of the new law is $500 for the captains and every officer of higher rank; while the first lieutenants receives $240 and the second lieutenant gets $200.

"The bill has met the almost universal approval of the National Guard, and is one that the public is glad has been arranged for them. The reports and other work of the officers will be very materially increased under the new bill, and I think every one will be glad to know that they will be compensated for their work.

"Under the law as enacted by Congress, the governor of the state remains commander-in-chief, but it is probable that officers will hereafter be appointed with a view to their fitness to hold the rank to which they are designated, instead of being elected by the members of the organizations as has been the custom hitherto. Rigid examinations wil have to be passed by officers, and no man will be appointed to a grade unless he is competent to discharge the duties appertaining there to. If the movement to form a complete regiment of Coast Artillery companies materializes, there will be a good many more staff officers appointed. A colonel, lieutenant-colonel, two majors and a full staff wil be appointed.

"One of the most important features of the new bill is that the Adjutant General of the State Guard becomes a life appointee. General Laurence Young, of Asheville, the present incumbent of this office will consequently retain his office for life. Hitherto the Adjutant General has been named by each incoming governor of the State upon his administration's coming into power."

REV. AND MRS. CRAIG WILL SPEND SUMMER AT WEST UNION

Will be Relieved as Acting Pastor of First Church July 1.

Rev. W. Marshall Craig, acting pastor of the First Baptist church, will be relieved by Rev. Dr. John Jeter Hurt, of Durham, who recently accepted a call to the pastorate of the church, effective about July 1.

Rev. and Mrs. Craig will spend the summer vacation at Mr. Craig's home in West Union, S. C. Later Mr. Craig will take up his new work, the nature of which he is not ready to announce just at present. Mr. Craig has made a great many friends in Wilmington, both among the members of his congregation and others who though not affiliated with his church, have admired him both as a man and a minister. Mrs. Craig also has a wide circle of friends here, who will regret that she is to leave so soon.

BOARD OF CANVASSERS REFUSE SECOND COUNT

Recorder Brooke G. Empie Presents Formal Request

Official Returns From Monday's Primary Shows No Change from Figures First Announced—Nominations Are Declared.

The official returns as canvassed yesterday at noon by the Board of Canvassers showed no change in the results of Monday's primary election in New Hanover county, as published in yesterday's Star. The board declined to grant the request of Recorder Brooke G. Empie, who was defeated by Justice George Harriss by a majority of only eight votes, that owing to the closeness of the vote a second count should be made. The members of the board felt that, as no fraud or irregularity was alleged, they had no right to go behind the report of the registrars and judges.

The board was called to order yesterday at noon by Mr. C. W. Woodward, chairman of the Board of Elections. Mr. W. W. Hodges was elected chairman and Mr. L. H. Partin was elected secretary. Each member took the oath prescribed by law, pledging that the returns made were correct.

Before the canvassing of the vote was started, Recorder Empie pointed out that as the vote between himself and Justice Harriss was so very close and that as he understood a number of votes had been thrown out because of being irregular, he felt that a second count should be made. No action was taken on his request at this time and the receiving of the returns was entered into.

Only ten ballots were thrown out because of being irregular, seven of these being from the Second ward and three from the Third ward. Of the seven from the Second ward, four were for Harriss and three for Empie, while of the three from the Third, two were for Harriss. Had these been counted Justice Harriss majority would have been ten instead of eight.

After the results of the primary had been made known, Chairman Hodges asked anyone having a statement to make to do so at that time. Marsden Bellamy, Esq., speaking for Justice Harriss, said that in his opinion unless Recorder Empie could show some evidence of fraud or irregularity he had no right to ask for a second count. The official report of the registrars should be judged correct on its face, he stated, unless some evidence to the contrary could be shown. As the ballots had been loosely guarded during the night, Justice Harriss would object to a second count as there would have been ample time for changes to be made.

Upon motion of Mr. J. E. Taylor, seconded by Mr. T. G. Landen, it was unanimously voted by the board against having a second count. Recorder Empie asked to be placed on record as protesting against the motion and this was done.

The results of the primary as officially declared was as follows: For Sheriff: Cowan, 1,282; Jackson, 1,431. For Recorder: Empie, 1,325; Harriss, 1,333; For County Solicitor: Burton, 1,662; Peschau, 1,019.

NEGRO CONFESSED TO PLOT TO ROB STORE

Declares That A Bundle Boy Was Bribed With $10

To Hide One of the Gang in Shrier & Solomon Store Before Closing Time—Goods Worth $900. Hasn't Been Found.

One of two negroes, who were caught about 1 o'clock yesterday morning by the police in the act of making their get-away with more than $900 worth of merchandise when they were surrounded and captured in the store of Shrier & Solomon, at Princess and Front streets, has confessed, according to the police, that Dewie Green, the negro who escaped after the place was surrounded, gave $10 to Richard Sampson, colored, the bundle boy at the store, to secrete him in the basement of the store just before closing time on the night of the robbery.

This confession is alleged to have been made by James Henderson, alias Johnnie Johnson.

According to this confession, the negroes had been plotting the robbery several days, and the three of them contributed to the $10 fund which was used to bribe Sampson to hide Green behind some boxes in the basement. The plan, according to the negro's account, was carried out, and just before closing time Green was let in at the rear door of the building. Later on in the night the other two men appeared at the door, and upon a signal agreed upon in advance, were allowed to slip in, the bar which fastened the door being carefully replaced, so as not to arouse the suspicion of any one that the store had been entered.

Then they went to work. Here, according to the police, the knowledge of the stock possessed by one of the negroes who had formerly been employed at the store, but was discharged for stealing, came into play. Only the most valuable goods were packed into the suit cases, and the empty boxes were immediately replaced on the shelves.

An inventory taken by one of the employees at the store showed that the goods packed into the suit cases were worth $935, including the suit cases and hand bags, which ranged in value from $7 to $20. Stetson and Panama hats were jammed into the cases with rain coats, silk shirts, collars, ties and silk handkerchiefs. Some of the cases were packed so tight that they could hardly be fastened.

The police believe that the negroes they caught are part of the gang of robbers who raided the Warren cigar store, and it is thought that they may have had something to do with other recent burglaries in various sections of the city. The amount of money alleged to have been paid as a bribe to the Sampson negro corresponds to the amount lost from the cash registers at the Warren cigar store the night before. It is understood that quite a lot of evidence as to the past records of the negroes is being gathered by the police, and will be introduced against them at their hearing before the Recorder.

Dewie Green, whom the police say is the negro who made his escape by hitting Officer Rivenbark a staggering blow in the stomach and on the pistol hand with the bar which was used to fasten the rear door, is one of the fastest negro offenders the police have ever had occasion to chase.

Two members of the force estimate they have chased him about 1,000 miles in the past few years. He has served time on the roads, according to the police, and is always wanted for larceny or something else, if for nothing else they generally want him for vagrancy, as he won't work. But he is fleet as a rabbit; it is a rare thing for him to be captured. Officers went out to Scott's Hill yesterday, it having been reported that he had been seen in the woods near there, but the report proved to be false.

CAUSE AND EFFECT

Diseased Teeth and Tonsils May Cause Rheumatism.

"One of the most important discoveries in medicine made in recent years,' says the State Board of Health, "is the relationship existing between local infected areas and inflammatory conditions in some other portion of the body.

"It has been demonstrated, for example, that chronic infection in a tonsil or an abscess at the root of a tooth may be, and frequently is, the source from which an acute articular rheumatism or an acute valvular disease of the heart has its origin.

"A case occurring in a Cincinnati hospital several months ago," continues the Board, "will illustrate the relationship between abscesses of the roots of the teeth and chronic rheumatism.

"The patient, a young man of about twenty, was admitted to the hospital for chronic rheumatism. He gave a history of having been ill for one year and at the time of admission was practically helpless, one hand being so deformed and crippled by the disease as to be practically useless. It was noticed that he had a number of teeth with gold crowns, and inquiry developed the fact that his rheumatism developed within two weeks after having this dental work done.

"An X-ray photograph showed abscess cavities at the roots of three teeth. The teeth were extracted and an immediate improvement in his condition was observed. He was able to leave the hospital in about two weeks but will probably carry his deformities through the remainder of his life.'

THIS WILL STOP YOUR HAIR FROM FALLING

It was Dr. Sangerbund who first discovered that dandruff and falling hair were caused by microbes.

And now that Parisian Sage, the wonderfully delightful preparation that kills the dandruff germs can be secured at all drug and toilet counters, the clean people of this country have awakened to the fact that dandruff is unnecessary; that falling hair and itching scalp can be quickly stopped, and that anyone who frequently uses Parisian Sage should never grow bald.

To every reader who wishes to eradicate disgusting dandruff, stop falling hair, and have an immaculately clean scalp free from itchiness, we strongly recommend Parisian Sage.

Parisian Sage is sold for not more than 50 cents a large bottle. It is an ideal, daintily perfumed liquid, free from grease and stickiness, and will cause hair to grow lustrous and luxuriant. R. R. Bellamy always has a large supply and guarantees it to you.

I THANK YOU

Your vote and support at the primary yesterday were as favorable as I had every reason to expect, and I wish to thank my many kind friends and supporters whole-heartedly for their steadfast loyalty, without which I could not have hoped for nomination to the office of County Solicitor. I assure all who gave me their vote that their confidence will not be misplaced, and it will be my constant endeavor and ambition to merit this honorable office to the very best of my ability.

je14-2t EDWIN T. BURTON.

CATHOLIC LITERARY CLUB HAS "FLAG DAY" CELEBRATION

The patriotic spirit which actuated the inauguration of "Flag Day" was much in evidence last evening, when the Catholic Literary Club entertained its members at the K. of C. hall. The club room was attractively decorated with flags and bunting. A large crowd was in attendance, and refreshments were served.

Rev. Father Bour, the principal speaker, used "The Meaning of Our Flag," as the subject of his address, which was quite interesting. Mr. Charles Rogers introduced the speaker. Patriotic songs were sung by a large chorus. Misses Rose Allen and Katherine Hayden presided at the piano.

GODWIN CLUB ORGANIZED

Last Night at Meeting of Supporters Held at Woolvin Hall.

At a well-attended and enthusiastic meeting held last night at Woolvin Hall, of friends and political supporters of Hon. Hannibal L. Godwin, Congressman from the Sixth district, who is a candidate to succeed himself, a Godwin Club was formed and officers elected.

The folowing officers were elected: Messrs. W. A. Furlong, chairman; W H. Blair, secretary; C. C. Bellamy chairman of the executive committee.

Plans were discussed for the second primary campaign, and several addresses were made, in which it was predicted that Mr. Godwin would carry the county by a large majority. The next meeting of the club will be held next Monday night in Woolvin Hall at 7:30 o'clock.

Mr. H. McL. Green and family have moved to their cottage near Station 1, for the summer.

Mr. and Mrs. J. D. Farley, of Atlanta, Ga., were among yesterday's arrivals at the Seashore Hotel.

Mr. and Mrs. J. B. Boreing, of London, Ky., arrived yesterday to spend some time at the Oceanic Hotel.

It is Flag Day at the beach. The big celebration takes place tonight at Lumina, beginning at 8:15 o'clock.

Mr. and Mrs. J. K. Newton, of Columbus, Ga., arrived yesterday to spend some time at the Seashore Hotel.

Messrs. F. L. Finkenstaedt, of Bolton, and J. M. Camp, of Wallace, were among the arrivals at the Oceanic Hotel yesterday.

Mrs. Allen J. Ruffin, of Tarboro, and Mrs. E. L. Pemberton and Jennings Pemberton, of Fayetteville, are guests at the Hanover Inn.

Thousands of United States flags, both large and small, presented a striking appearance yesterday as they were flung to the breezes by the cottagers and the hotelists.

Ample car service is promised by the Tidewater Power Company tonight for the big crowds who will visit the beach for the mid-week dance and the Flag Day celebration.

Every hotel and cottage on the beach is expected to be crowded next week. Three big conventions in one week—and all at the same time—sets a new record for this popular resort.

After a few cool days it has again turned warm in the upland section, according to the weather reports, and it is expected that there will be many arrivals at the beach the latter part of the week.

Flags, thousands of them, were flung to the gentle breezes of the ocean side yesterday and presented a truly patriotc appearance. Many of the cottages and all of the hotels have been beautifully decorated for the flag day celebration today.

Lumberton Robesonian, Monday: "Mr. and Mrs. M. J. Merritt returned this morning from Wrightsville Beach, where they spent a week at the Hanover Seaside Club. Mr. Rossie B. Britt spent the week-end at the club visiting Mr. and Mrs. Merritt."

The members of the Wilmington Rotary Club will be the guests of honor at an elaborate dinner to be served at the Oceanic Hotel tomorrow evening. The boosters will leave on the 6 o'clock car going directly to the hotel for the dinner. This promises to be one of the most interesting outings that this organization has had recently. The club will be the guests of the Tidewater Power Company.

The Tidewater Power Company has issued a very handsomely illustrated booklet, giving many beautiful views of scenes at the Beach, including Lumina and the hotels and cottages. The booklet gives the names of the cottages and hotels, the names of the proprietors and the rates for board and lodging, and will be a comprehensive guide to the visitor who comes to the beach for a vacation. This is the second edition of the booklet, which was first gotten out last year, but the booklet this year is even more comprehensive.

PACKING HOUSE MATTER COMES UP AGAIN SOON

Committee Awaits Arrival of Mr. Corbet From Trip West.

On account of the absence of Mr. M. J. Corbett, one of the committee of five appointed by the president of the Chamber of Commerce, at a special meeting held May 31st to make definite plans for a meat packing house for Wilmington, a meeting of this committee has been deferred until his return. He is expected home from a business trip in the West the latter part of this week, at which time a meeting may be called to go further into this proposition.

The establishment of a packing house for Wilmington continues to be a matter of unabated interest and importance. The people generally in the surrounding counties are anticipating some definite action towards the erection of a plant at an early date. Letters are being received teling of the necessity of a plant of this kind and of the great benefits that will recur to Wilmington and this section with the completion of such an establishment.

The Chamber of Commerce committee behind this proposition is as follows: Messrs. W. W. Love, chairman G. Herbert Smith, H. C. McQueen, M. J. Corbett and John H. Brown.

Pugh Funeral Today.

The funeral of Audry Mae Pugh, infant daughter of Mr. and Mrs. J. J. Pugh, who died Tuesday morning shortly after 7 o'clock at the residence of her parents, No. 310 Meares street, will be held this morning at 10 o'clock from the residence. Interment will be made at Oak Grove cemetery.

MERCHANTS TO BE BOOSTERS

"Good Roads Prices" and Attractive Windows During Convention. Completing Arrangements.

The retail merchants of Wilmington are interested in the approaching meeting of the North Carolina Good Roads Association, which convenes at Wrightsville Beach Wednesday of next week for a three days' session and are enlisting their services to boost the convention by advertising a general welcome to the delegates and "Good Roads' Prices."

The suggestion comes from Dr. Joseph Hyde Pratt, secretary of the North Carolina Good Roads Association, that this will be a most favorable time for the Wilmington merchants to advertise their wares at "Good Roads' Prices" and attract the general interest of the delegates during their visti, especially those who come to' Wilmington from the surrounding counties, many of whom will bring their families.

The idea has been successfully carried out at previous meetings of this convention and from the endorsement of the plan already received from the Wilmington merchants it is believed that it will be a success here. Attractive window cards sounding the usual note of welcome and also containing good pictures of the New Hanover county roads, have come from the press and will be distributed by a special committee to the merchants today.

The decorations of the windows during the convention are also expected to be a most unique and attractive feature. Already some of the merchants are making preparations to have most creditable window displays. All committees are actively engaged in working out the details for the convention and the good progress being made assures the success of the meeting.

In order to facilitate and to be in readiness to handle the large crowd, the boarding house keepers in the city will confer a favor upon the committee on arrangements by addressing a letter to the Good Roads Bureau, care Chamber of Commerce, stating the number of delegates they can accommodate, rates and their telephone numbers, to make sure that there will be no difficulty and delay in placing the delegates. Signs will be placed at the union station, at the Murchison Bank building, the Oceanic Hotel and on the roadways entering the city, which will direct the delegates to headquarters where necessary information in regard to accommodations, etc., will be furnished them.

With the approach of the convention lively interest is being displayed by the Wilmington people and as the largest convention ever entertained here, it will doubtless be the most beneficial, especially to the eastern part of the State.

ANNUAL PARISH MEETING OF ST. JOHN'S CHURCH.

Interesting Reports of All Fields of Work Made Last Night.

The annual Parish meeting of St. John's Episcopal church was held last night in the Parish House with Rev. W. E. Cox, the popular recor of this live church, as the presiding officer. There was a large audience to hear the many different reports which were very gratifying indeed. This church now has a membership of more than 300 members, all of whom are actively interested in the work that the church is doing.

Following a delightful piano solo by Miss Dorothea Queich, Mr. W. H. Yopp submitted a very interesting report of the recent meeting of the Church Council in Kinston. Misses Margaret Williams and Ella McCarley presented the report of the Junior Auxiliary and Wilkings Smith that of the "Little Helpers." Misses Dorothea Quelch and Laura Jacobs gave the report of the Y. W. Auxiliary.

Mrs. J. F. Woolvin presented the report of the Woman's Auxiliary and Mrs. A. W. Smith and Mrs. E. C. Shepherd that of the Parish Guild. This was followed by a solo by Mrs. Smith and Mrs. W. I. Baxter then gave the report of St. Ann's Guild. Mrs. Josh James submitted the report of the work of the Sanctuary Guild, which was followed by a recitation by Miss Nonia Donkle.

Messrs. J. M. James and T. S. France presented the reports of the junior and senior Brotherhoods of St. Andrew.

The splendid work being done at St. John's Mission was explained by Messrs. T. S. Nance and J. Edward Bunting and Mrs. A. G. Alderman and Miss Harper.

Prof. Washington Catlett gave the report of the work of the Sunday school, while Mr. H. F. Wilder told of the work general and financial work of the Parish and Mr. Thos. F. Darden spoke of the plans of the vestry for the future.

A recitation by Miss Maie Sanders and a solo by Mrs. Longfellow were very enjoyable features of the evening.

—Lumberton Robesonian, Monday: "Mr. B. A. Harris, piano player at the Pastime theatre, left yesterday for his home in Wilmington, where he will spend his vacation with his parents. During his absence Miss Dorcas Williams, an accomplished pianist, will play at the Pastime beginning this evening."

DONATIONS TO MILK STATION

Committee From Sorisis Acknowledges With Grateful Thanks Gifts

Mrs. John Thames, chairman of the committee of Sorosis, which has charge of the raising of funds for the milk station yesterday made the following report of donations received for this worthy cause:

"The committee from Sorisis acknowledges with grate thanks the following contributions for the milk station: Mrs. Winifred Sackville Stoner $25; Miss Agnes Emerson 5; Mr. George Honnett $5; cash 50 cents; Sorosis members $42.65.

"Mrs. Stoner was the first to subscribe to this cause through the Child's Welfare Circle. In her letter enclosing the check she says, 'It is with pleasure that I send my money to help save the kiddies' lives.'"

MEETING OF HEALTH BOARD

Monthly Reports of Department Officers Read—Auditor Recommends Central Bureau of Records.

The regular semi-monthly meeting of the New Hanover Board of Health was held yesterday afternoon with all the members in attendance. The monthly reports of the department officers were received and also that of Mr. Albert H. Marsh, C. P. A., who recently completed the semi-annual audit of the accounting records.

Mr. Marsh in his report called attention to the need of having a central bureau for keeping a record of all disbursements for charity, so that it will be possible to determine easily just how much money is paid to every family. There are several organizations dispensing charitable funds or engaged in philanthropic work including the Associated Charities, which disburses funds to the poor; the Board of Commissioners, which has charge of the unty home, and the James Walker morial Hospital, which treats the indigent poor.

Mr. Marsh suggested that the records should be kept in the office of the Health Department to which should be made all reports. The hospital under the present system makes a report to the Helath Department, while the Associated Charities reports to the Board of Commissioners. Chairman McGirt, of the Board of Commissioners, stated that he would be glad to see that the county home made a report to the Health Department. The members of the board were favorable to the recommendation provided a feasible means could be devised for working it out.

A check for $106.15 was received from Mrs. John Thames, chairman of the committee of Sorosis, which has been soliciting funds for the support of a milk station to be operated in connection with the baby hospital. The members of the Health Board, while expressing themselves as favoring the establishment of a milk station, did not think that this was sufficient and suggested that an effort be made to augment it by securing other donations.

In the letter enclosing the check, Mrs. Thames for Sorosis wrote as follows:

"In accordance with your letter of the 16th ult., stating your willingness to undertake the operation of a milk station as soon as arrangements could be made to finance it, the president of North Carolina Sorosis appointed a committee to solicit funds with which to purchase equipment. Enclosed find check for $106.15, the full amount collected to date."

Chairman W. A. McGirt presided at the meeting which was attended by Mayor P. Q. Moore, Dr. J. B. Cranmer, Prof. Washington Catlett, and Dr. R. B. Slocumb, members of the board; Dr. Charles T. Nesbitt, county health officer, and Dr. John Thames, assistant county health officer.

Dr. John Thames, assistant county health officer, in his monthly report for May stated that on June 1st there were no contagious diseases in the county under quarantine. The county institutions are in good condition, he stated, and are kept as sanitary as circumstances will permit. The county home is crowded and as at least one-third of the inmates require almost constant attention and there was a shortage of nurses, it became necessary to send two men and one woma nto the hospital during the month on account of their helpless condition resulting from a chronic trouble.

"No acute disease has occurred among the inmates or the prisoners," said Dr. Thames, "yet the large number suffering from the effects of some chronic disease and bad living incident to the aged and infirm, and the general class of people that go to fill our prison, each institution has the appearance of a sanitarium which necessarily requires great deal of attention."

The report of Dr. T. B. Carroll, city meat and milk inspector, for the month of May follows:

"I made 36 inspections of dairies and dairy farms. The sanitary condition, health of cattle and attendants were good. The bacterial counts and butter fat tests are as follows:

Miss Piner, public health nurse, visited 88 homes and 34 schools. Six pupils were excluded on account of illness, six were referred to family physician and ten infants were under her care.

Mr. E. Piner, chief of the sanitary police, reported that during the month there were 14,486 inspections, 1,576 closets condemned and ordered cleaned and 50 complaints were received.

Mr. Otto Genaust, plumbing inspector, reported that during the month 146 fixtures were installed, 52 houses connected to sewer, 45 laterals laid, 58 permits issued, 63 inspections made and one condemnation.

SOCIALIST IS ELECTED.

J. F. Ginther, Newspaper Man, Becomes Mayor of Brookneal, Va.

Lynchburg, Va., June 13. — R. F. Ginther, business manager of the Union-Star, a Socialist weekly, at Brookneal, a town of 500 population, forty miles from here, was today elected mayor of that town. He has the distinction of being the first Socialist ever chosen mayor in Virginia, and probably in the South. The Democrats elected the full town council.

OUTLOOK MOST GRATIFYING

Trucking Season is Moving Along at Lively Clip, Says the Journal. Crops That are Moving.

The outlook for the trucking crops that are yet to be gathered is most gratifying, declares this week's issue of the Carolina Fruit and Truckers' Journal, and the indications are that the growers will reap handsome returns. The following from the Journal will be of interest:

"The trucking season all over this section is moving along at a lively clip, and fruits and vegetables are going forward in carlots and by express in great shape. Prices are ruling high on practically everything to date and from present indications the season will be an unusually profitable one to the growers as long as there is anything in sight to ship. The last solid car of strawberries went forward several days ago, although less than car load shipments by express have been going out daily right up to the present time, 52 crates having gone out yesterday.

"Irish potatoes began moving freely this week, and next week will see the movement at high-water mark. Huckleberries, dewberries, and peaches also rolling from this territory this week together with cukes, squash, etc., beans and cabbage having gone forward in increased quantities. Next week green corn will "open the ball" with a special express train to be operated out of Clinton especially for this crop and hucks. Peaches were shipped this week from Rocky Point, Faison, Mt. Olive Teacheys, Dudley and Chadbourn. Already 1,132 crates of huckleberries have been shipped from points along the W & W. R. R., and the A. & Y. division of the Coast Line and movement of this section has hardly begun. At least fifty thousand crates are expected to move out of Eastern North Carolina this season.

"From Laurinburg, Maxton and a number of other points in that territory the cantaloupe and watermelon outlook is full of encouragement, while the same is true of the conditions in Mt Olive, Faison, as well as other cantaloupe points in the State. Peaches and grapes in the Southern Pines and Niagara territory along the Seaboard Air Line between Raleigh and Hamlet, together with dewberries in the same territory are in great abundance and these crops bid fair to yield handsome returns for the growers in all that section.

"Next week and the week following will see the North Carolina potato movement at its best. In the meantime the Virginia crop is coming on the market in a more or less extended way and will doubtless be in full swing by the 20th to the 25th inst. In both states, however, the acreage is short but the demand is decidedly active and strong. The announcement of Virginia shipping is usually the signal for lower prices on the different markets chiefly because of the large acreage around Norfolk, Cape Charles and the western branch as well as throughout tidewater Virginia. The same things, however, that have made for lower prices in the past are absent this year, and as a matter of fact we can see no plausible reason for anything like a slump in values this seasan as we have experienced in years gone by. The demand and consumption were never greater and the exercise of a little practical sense on the part of the growers is all that is necessary for the welfare of all and the financial success of the growers."

GOOD ROADS NUMBER.

Issue of Morning Star Next Wednesday in Honor of Association.

The issue of the Morning Star on next Wednesday, the opening day of their convention at Wrightsville Beach, will be in honor of the North Carolina Good Roads Association, which will doubtless attract to the resort possibly the largest gathering of the year in this State.

Fully 5,000 people will be in attendance, leaders of thought and action in their respective communities, progressive and enterprising citizens from every part of the State, and in recognition of their presence here, The Star hopes to publish a number of views and articles that will be of permanent value to the visitors on this occasion.

For this edition a limited amount of advertising will be taken at the regular advertising rates of the paper and those who desire space in this edition should make known their wants at once in order that space be reserved. It is proposed to place a copy of this edition in the hands of every delegate and visitor on this occasion and the issue will, therefore, present an excellent opportunity for local as well as general dealers to reach a large number of the most thoroughly representative North Carolinians who will be here this year.

So the admonition is: "Be a Booster! Let the people know you are in business here in Wilmington and a part of the community life and action."

Today And A Generation Hence

The flight of time makes us think of the future. The baby of today reflects what greatness may be acquired when he grows up. And any influence that brings relief to the expectant mother is the first and greatest of obligations. There is a splendid remedy known as "Mother's Friend" that has been a safeguard, a helpful daily influence, to a host of women. Applied externally to the muscles they become pliant, they stretch without undue pain, there is an absence of distress, the nerves are soothed by taking away the burden of leaving all to just natural conditions.

We do not know to what extent the comfort and ease of the expectant mother influences the mental development of the child. Its physical nature, however, must be greatly aided. And it may easily be understood why with a restful nervous system, a calm anticipation and a joyous expectancy, there can be none of those harassing disturbances to provoke nervous conditions.

There is in "Mother's Friend" the direct and immediate help that all expectant mothers require. Used by their own hand, guided by their own minds, they learn at once the blessed relief from morning sickness resulting from undue stretching. They experience daily calm and nightly rest. It is indeed "Mother's Friend." Get a bottle today of any druggist. Then write Bradfield Regulator Co., 710 Lamar Bldg., Atlanta, Ga., for one of the most entertaining and valuable little books ever presented. It is worth writing for.

MILL CAPACITY INCREASED

Additional Machinery Installed at Delgado Cotton Mill—Dye Plant Thoroughly Overhauled.

Within the past ten days or two weeks extensive improvements and additions to the machinery equipment of the Delgado Mills, situated near Wilmington, have been made with the result that in the future the capacity of the plant will be increased by approximately an average of 15 per cent.

This evidence of the continued prosperity of the mills and the purpose of the company to meet the demands upon its trade requirements will be a source of pleasure and satisfaction to the people of Wilmington, who have always manifested an abiding interest in this enterprise. The addition to the machinery equipment consists of 60 new looms and 1,300 new spindles, which have recently been unloaded and placed in operation in the plant. In addition to the installation of this new machinery, all the old machines have been thoroughly overhauled and placed in first class condition so that a maximum of capacity is assured from the machinery already in operation in the mill.

The dye plant of the mill has also been thoroughly overhauled and brought up-to-date, all of the work being done by the regular employes and machinists of the mill.

The enlargement of the capacity of the mill has been made by working economies in floor space, etc., so that no addition to the building was necessary, the machinery also being run by the same power and unre the same roof.

The new machinery installed consists of the latest improved automatic looms of the Crompton & Knowles manufacture with some automatic draper looms. The spinning is of the Howard & Buller type, which is the latest improved. The installations and the remodeling of the machinery makes the plant practically as good as new and it is a high compliment to the mill organization that all the work was accomplished with the aid of home men and home machinists.

PARKER, N. C., MAN GETS QUICK RELIEF

W. R. Davenport Better After First Dose of Remedy.

W. R. Davenport of Parker, N. C., long suffered from a peculiar malady of the stomach. He sought treatment with but little relief. At times it seemed that he would have to give up hope.

He took Mayr's Wonderful Remedy and found immediate benefit. He wrote:

"For years I have suffered from a disease which puzzled doctors. They termed it catarrh of the stomach, saying the only hope would be a change of climate, and that in all probability I would never get well. Then I heard of your remedy. One bottle gave me instant relief. It made me feel like a new man. Your full course of treatments has about cured me. Several of my friends have also been cured."

Mayr's Wonderful Remedy gives permanent results for stomach, liver and intestinal ailments. Eat as much and whatever you like. No more distress after eating, pressure of gas in the stomach and around the heart. Get one bottle of your druggist now and try it on an absolute guarantee—if not satisfactory money will be returned.

CALOMEL IS MERCURY! IT SICKENS! ACTS ON LIVER LIKE DYNAMITE

"Dodson's Liver Tone" Starts Your Liver Better Than Calomel and Doesn't Salivate or Make You Sick.

Listen to me! Take no more sickening, salivating calomel when bilious or constipated. Don't lose a day's work! Calomel is mercury or quicksilver which causes necrosis of the bones. Calomel, when it comes into contact with sour bile crashes into it, breaking it up. This is when you feel that awful nausea and cramping. If you are sluggish and "all knocked out," if your liver is torpid and bowels constipated or you have headache, dizziness, coated tongue, if breath is bad or stomach sour just take a spoonful of harmless Dodson's Liver Tone on my guarantee.

Here's my guarantee—Go to any drug store and get a 50 cent bottle of Dodson's Liver Tone. Take a spoonful tonight and if it doesn't straighten you right up and make you feel fine and vigorous by morning I want you to go back to the store and get your money. Dodson's Liver Tone is destroying the sale of calomel because it is real liver medicine; entirely vegetable, therefore it can not salivate or make you sick.

I guarantee that one spoonful of Dodson's Liver Tone will put your sluggish liver to work and clean your bowels of that sour bile and constipated waste which is clogging your system and making you feel miserable. I guarantee that a bottle of Dodson's Liver Tone will keep your entire family feeling fine for months. Give it to your children. It is harmless; doesn't gripe and they like its pleasant taste.

IN THE DISTRICT COURT OF THE UNITED STATES FOR THE EASTERN DISTRICT OF NORTH CAROLINA AT WILMINGTON

In the Matter of the Petition of Franco-Ottoman Shipping Company, Limited, as Owners of the Steamship "Cromwell" for Limitation of Liability.

Notice of Monition.

The President of the United States, To the Marshal of Said District:

Whereas, a libel or petition has been filed in the District Court of the United States, for the Eastern District of North Carolina, on the 29th day of November, 1915, by the Franco-Ottoman Shipping Company, owners of the Steamship "Cromwell," praying the decree of the Court that the said libellant is not liable for the loss and damage occasioned by the collision in the said Libel and Petition set forth, occurring on the Second day of January, A. D., 1914, on the Northeast Branch of the Cape Fear River, near Wilmington, between the said steamship "Cromwell" and the iron bridge of the Wilmington Railway Bridge Company, or any part thereof, and that the libellant and petitioner be declared entitled to the benefits of the provisions of the maritim law and of the statutes of the Unit States of America in such cases made and,

Whereas, the said Court has authorized and directed that a stipulation be entered in the sum of $64,848.28 the alleged value of said petitioner's interest in said vessel and freight, which stipulation has been duly entered and filed in this Court; and,

Whereas, on the 31st day of May, 1916, the Court ordered that a Monition issue to all persons having claims by reason of the premises, citing them to appear before the said court to make proof of their claims, the same to be filed on or before the Twelfth day of September, A. D., 1916, with S. P. Collier, Deputy Clerk of the Court, at Wilmington, N. C., with liberty to libellants, or any other person in interest, to contest any claim so presented.

You are Therefore hereby commanded to cite all persons having, or pretending to have, claims for any loss, destruction, damage or injury occasioned by reason of the said collision, to be and appear before the said court at a session thereof, to be held in the District Court room, in the City of Wilmington, on the 12th day of September, 1916, at ten o'clock A. THEATRICAL

If your name happened to be Nora and you were a poverty-stricken Irish lassie who was coming over from the old country to America to visit your brother, and if that brother was nowhere to be found, would you do what Nora O'Brien did? After being attacked by a knight of the streets, she woke up in a beautifully furnished room where several kind faces clustered about her and lovingly called her "cousin."

The reason for this lay in the fact that Nora had in her possession a message from another Nora to these very kind people in New York, who mistook the wounded girl for their relative. When Nora attempted to explain that she was not their Nora at all, the doctor spoke soothingly to her and told them that she was suffering from concussion of the brain as a result of the blow she had received.

"The Innocent Lie," a remarkably powerful photoplay in which all these incidents occur, was filmed by Paramount-Famous Players in beautiful Bermuda, and stars for the first time in a Paramount picture, the charming new film actress, Miss Valentine Grant, supported by a notable cast. It is today's Paramount feature at the Royal.

Whale of a Bill at Bijou.

It is just another whale of a bill at the Bijou today. One big thing right after another at this popular amusement spot, the unrivalled Universal programme, which has all the stars worth having, is getting bigger, better and brighter every day, and there is something novel, something new and something interesting every day.

Today is an unusually all-star occasion, the bill being headed by a great two-reel Imp dramatic feature, "The Unconventional Girl," starring that beautiful little photoplay lady Edythe Roberts, co-star with Joseph Girrard, Stanley Walpole, and Mary Moore, the "new" sister of Matt, Owen and Tom, who has been in pictures now for some little time. "The Unconventional Girl" is a drama of modern-day society life, and is full of great incidents and startling climaxes, telling a pretty romance as well as a thrilling tale of adventure. It will be found thoroughly satisfying all the way through.

Dorothy Phillips and Ben Wilson are co-stars in a great single reel comedy drama, "Harmony in a Flat," and of course, this will be something good.

Then comes a great Nestor scream, "Love and Brass Buttons," starring that incomparable pair, Ray Gallagher and Billie Rhodes.

Flag Day at Grand.

"Flag Day" throughout the United States; and while the nation is bedecked with flags and emblems, the Grand Theatre will present today the sensation of the year, the great patriotic and preparedness serial novel, "The Secret of the Submarine," starring a spectacular company of stars headed by the charming Juanita Hansen, she without fear, and the handsome strong dramatic actor, Thomas Chatterton.

"The Secret of the Submarine" strikes the keynote of real Americanism—makes it heard around the world. The invention of the all-powerful submarine ides, which was to revolutionize modern warfare, and may yet, barely achieved, was destroyed in a fierce undersea conflict. Then began a chase by the United States government and foreign agents—also a selfish millionaire—all in a hot contest for the "secret of the submarine." The mad chase carries to Paris, London, Petrograd, and back to the United States.

For 15 weeks "The Secret of the Submarine" will astound you with its terrific surprises; stampede you with enthusiasm as you sit enthralled by its fast succeeding climaxes. A great adventure; a double mystery; a globe-girdling chase; a closely knit web of international intrigue; clear cut characters. It is truly the film novel of the hour.

HAD 10 MAIL SACKS AT HOME

Rocky Mount Station Porter Arrested On Serious Charges.

(Special Star Correspondence).

Rocky Mount, N. C., June 13.—With the arrest of Harry Perry, a colored station porter and mail transfer employe, officers both of the city and Post-office Department believe that they have found a solution to the mysterious rifling of the mails which has been going on for more than a year. Articles ranging in value from a razor and a dollar watch to diamond rings have been missed. The negro was taken in charge here today while at his duties about the station by Deputy Marshal J. B. Sturdevant, of Raleigh, and his arrest followed the finding at his some of 10 empty mail sacks and pouches though all efforts to find any of the missed articles have failed.

The defendant explains the presence of the sacks at his home here by declaring that he used them to carry ice home from his work, on account of the fact that the delivery did not reach him until late in the day.

TO BUILD SILK MILL.

Plant at Roanoke, Va., to Employ From 2,500 to 3,000 Persons.

Roanoke, Va., June 13.—A duplicate of the silk mill of the Viscose Silk Company at Marmus Hook, Pa., will be established in the outskirts of this city at an early date and will employ between 2,500 and 3,000 persons, according to information received by the Roanoke chamber of commerce here today. A large power plant will be erected on Roanoke river for the mill, it is understood. Construction work on the first unit of the factory, which will employ about 500 men, it is said, will begin at once. Half of the employes, it is understood, will be women.

FUNERAL OF C. C. CHERRY

For 17 Years Superintendent of Public Buildings and Grounds).

(Special Star Telegram).

Raleigh, N. C., June 13.—The funeral of C. C. Cherry, for 17 years superintendent of State public buildings and grounds here, was held at 4:30 this afternoon and was largely attended. He was 70 years old and died last evening at his home in this city after an illness of only a few hours. He served valiantly as a member of Co. F., Thirty-Sixth North Carolina Confederate troops.

SEMINOLE FOR COTTON MEN

Chamber of Commerce and Col. Taylor Get Cutter for Trip—Will Meet Here in July.

Through the efforts of President L E. Hall, of the Chamber of Commerce, and Col. Walker Taylor, collector of customs, the Treasury Department has extended the courtesy of a river trip on the revenue cutter Seminole to the North Carolina Cotton Manufacturers' Association, Saturday, July 22nd.

A letter was received yesterday by the Chamber of Commerce from Assistant Secretary B. R. Newton containing this information. The Cotton Manufacturers' Association will be in session at Wrightsville Beach on July 21st and 22nd. It is expected that the attendance at this meeting will be unusually large. Mr. Hudson C. Millar, secretary of the association, recently visited Wilmington to make the preliminary arrangements and stated that a most interesting programme had been arranged and that a number of prominent speakers have been secured to make addresses during the meeting.

Among the social events for this convention will be a souvenir dance given by the Tidewater Power Company at Lumina and a barbecue by the Wilmington Rotary Club. The North Carolina Cotton Manufacturers' Association, in conjunction with the South Carolina Association, met at Wrightsville Beach eight years ago and at that time were given a trip down the river on the Seminole, which proved a most interesting an ddelightful event of their meeting.

The association numbers among its members some of the most prominent and influential men in North Carolina, who are very much interested in the improvements at the port of Wilmington. Since their last meeting here the association has largely increased in numbers and it is expected that there will be fully 150 delegates present at this meeting. Some three years ago at a meeting in Charlotte it was decided to make that city the permanent place for the annual meeting, but it was the desire of quite a number of the delegates to come to Wrightsville Beach this summer and it is thought that in the future the association will hold two meetings a year. This will be one of the most important meetings at Wrightsville this summer and is looked forward to with a great deal of interest.

MRS. JOHN C. WINDER DEAD.

Widow of Late General Manager of Seaboard Dies in Raleigh.

(Special Star Telegram.)

Raleigh, N. C., June 13.—Mrs. Octavia Bryan Winder died tonight at her home on Person street, at the age of 80 years. Mrs. Winder had been in failing health for several months and her death was not unexpected. She was the widow of the late John C. Winder, and was the mother of Mr. John H. Winder, now of Columbus, Ohio. Her husband was for many years general manager of the Seaboard Air Line railway.

CAPTAIN LEMKE SURPRISED

Master of German Steamer Kiel Says His Crew Denies Knowledge of Protest Sent to Washington

Captain P. Lemke, master of the German steamship Kiel, interned in the port of Wilmington since the beginning of the European war, expressed great surprise at the dispatch from Raleigh appearing in The Star yesterday morning to the effect that Governor Craig had forwarded to Ambassador Bernstorff at Washington a letter written by interned German sailors at Wilmington in which they complained of mistreatment at the hands of the captains of the vessels.

Captain Lemke was not only surprised, but apparently rather perturbed, as he declared he had had absolutely no trouble with his men and that they had made no complaint whatever to him, nor in any manner shown any evidence of dissatisfaction at his treatment of them. Moreover, he stated that after reading the report in The Star yesterday morning, the men voluntarily came to him and each and all of them, a score in number, declared that they had taken no part whatever in forwarding any complaint to Raleigh or Washington and that they knew nothing of the forwarding of such complaint.

Captain Lemke was so much concerned about the matter that he visited The Star office yesterday and last night with the hope of gaining further information as to the source of the complaint, taking the view that, as the names of the signers of the complaint were not given, nor the name of the vessel or vessels on which the complainants are employed, he was as much involved as anybody and, having a good record with the owners of the ship, he feared that the home office might in some way receive the report that such complaint had been filed and thus he would be placed in an embarrassing position with his company, unless he could get to the bottom of the trouble.

Efforts by The Star to gain further information about the matter yesterday and last night, from Raleigh and Washington, were futile, as the letter had been already forwarded from Raleigh and had not reached Washington.

The Kiel is one of the German vessels interned here and has been here since the outbreak of the war in Euhope. The vessels are docked on the opposite side of the river from the city and consequently communication between the city and the ships is very inconvenient, even impracticable at night.

COTTON PRICES GO LOWER

Volume of Offerings Comparatively Small—General List Showed Net Loss of 8 to 10 Points.

New York, June 13.—The cotton market worked lower again today under a comparatively small volume of offerings, October selling down to 12.83 or about 17 points under the best price reached on the bulge of last Saturday. That delivery closed at 12.83 and the general list closed steady at a net loss of 8 to 10 points for the day.

Liverpool was somewhat disappointing and the market here after opening at a decline of 2 to 4 points sagged off; although the selling was by no means aggressive.

Slight rallies occurred from time to time during the day on covering, but the support was indifferent, and the market reached the lowest point in the late trading when July sold at 12.68, December at 12.99 and January at 13.06 or about 10 to 77 points net lower. The government figures showing domestic mil consumption of 648,000 bales, including linters, for the month of May against 540,000 for the same month last year, seemed to be about as expected and evidently created no fresh interest.

NEW ORLEANS COTTON

Selling Pressure Causes Net Loss at Close of 7 to 9 Points.

New Orleans, June 13.—Selling pressure throughout the session of the cotton market here today was set down to liquidation and to short selling based on favorable crop accounts. On the first call momentary steadiness was shown and October advanced a point above yesterday's close. Selling increased and the market gradually sagged. In the early afternoon price were at the lowest, a net loss of 8 to 10 points. The close was steady, 7 to 9 down. Bullish traders claimed too much rain was falling in some portions of the belt, especially in the Mississippi valley, and the Census Bureau report on consumption by American mills for May was generally conceded to be bullish but at no time did the market have any marged buying power. The rise of six points in spot quotations excited favorable comment. Closing bid:

July 12.56; October 12.66; December 2.79; January 12.81; March 13.07.

Spot cotton steady six points up. Sales on the spot 1,175; to arrive 350; middling 12.69.

STOCKS UNDER REACTION

Dealings in the Market Diminished—Rails Go Up While Certain Specialties Offset the Gain.

New York, June 13.—Diminished dealings and a reactionary trend characterized the stock market today. Rails again afforded the basis of the forenoon activity on the constructive side, while specialties, particularly Mexicans, Motors and shipping issues, represented the offsetting features.

Dealings in rails were restricted largely to secondary issues, such as Western Maryland common and preferred, Denver and Rio Grande preferred, Wheeling and Lake Erie, Lake Erie and Western, Rock Island and Long Island. Gains of 2 to 4 points prevailed in this division, with heaviness in Reading, Norfolk & Western, the Pacifics, New York Central and leading grangers and trunk lines. Standar dissues were adversely affected by the difference between the railway brotherhoods and the railway managers.

Mexican affairs led to unsettlement in the finals hour. Motors continued their declining tendency of recent days. Munitions were extremely variable and maraine preferred was under pressure until just before the close when it rose briskly with some of the metals and American Beet Sugar, the latter supplying the only new record of the day on its further advance of 2 5-8 to 39 7-8.

United States Steel was the most active stock of the session, but made an extreme decline of slightly more than a point, with scant recovery. Minor steels and affiliated industrials followed the irregular course of war stocks. Total sales 575,000 shares.

Bonds were irregular. Total sales, par value $4,170,000.

United States bonds were unchanged on call.

LEADERS CONFER WITH ROOSEVELT

They Consider Advisability of Naming Another Candidate on Progressive Ticket.

PERKINS MAKES STATEMENT

Final Action of Progressive National Committee Will be Taken June 26. Will It Be Guided by the Democratic Convention?

New York, June 13.—Colonel Theodore Roosevelt had a conference here tonight with George W. Perkins, Governor Hiram Johnson, Oscar S. Straus and Chester S. Rowell, of California, to discuss the future course of the Progressive party. His tentative refusal of the presidential nomination and the advisability of having some one else named in his stead as a candidate by the National Executive committee of the party were considered.

Colonel Roosevelt would not discuss what took place at the conference, but Mr. Perkins issued the following statement:

"All members of the Progressive party and its organization should remember that at the close of the Progressive convention in Chicago, a meeting of the National committee was called to be held in Chicago June 26, a week from next Monday. This will be after the Democratic convention at St. Louis and the result of the convention will be known.

"Sufficient time will have elapsed after the Progressive, Republican and Democratic conventions to allow our committeemen in each of the states to learn in a general way the public sentiment in each state and to bring this information to the meeting of our committee. The action which will then be taken by our committee, on June 26, should be awaited by Progressives as individuals and by the various local and state organizations. No action should be taken by individual Progressives or by the various organizations until the action of the National Committee has been made public."

Mr. Perkins said that this message, in substance, had been sent tonight by telegraph to members of the National Committee and to the state chairmen.

Tomorrow, Colonel Roosevelt will confer at his office here with Raymond Robins, who was chairman of the Progressive convention, and Harold L. Ikes, Progressive National Committeeman from Illinois.

RUSSIANS CROSS THE DNEISTER RIVER AND OCCUPY THREE TOWNS

(Continued from Page One.)

day to which our artillery replied effectively.

"Attempts of the hostile infantry to counter attack were frustrated by our artillery fire.

"Last night our troops carried out successful raids northest of Ypres and south of the Bois Grenier. At the latter place a party of Australian troops entered the enemy's trenches, causing him a known loss of 12 killed and six by others, and capturing six prisoners. Two trench mortars were destroyed. The raiding party returned safely, the only casualties being one officer and one man, both slightly wounded.

"On the remainder of the front there is nothing of importance to report. The enemy put 300 shells into Maricourt during the day. Our artillery bombarded hostile positions about La Boiselle.

"There was less shelling than usual around Souchez and the Loos salient."

ANIMOSITY FOR AMERICANS IS INCREASING IN MEXICO

Editorials Refer to Carranza's Note as Slap in Face for Uncle Sam.

El Paso, Tex., June 13. — Newspapers brought to El Paso today from several cities in the interior of Mexico showed an increasing animosity for Americans. Editorials in most of them referred to Carranza's recent note as a slap in the face for "Uncle Sam," while stories of volunteer corps organizing for duty in case of international trouble were frequent.

POTATOES CAUSE IDIOCY

(From the London Chronicle.)

Vodka, forbidden forever in Russia by the Czar, is distilled from potatoes and the new edict may be regarded as yet another shade of ignominy cast upon the long-suffering tuber. For it is interesting to note that the very evils ascribed to vodka drinking today were formerly attributed to eating potatoes.

Not such a great while ago a learned Frenchman wrote a treatise to show how idiocy had increased since the introduction of the potato into Europe, and our own medical men, in past times, condemned it as a cause of palsy and other hideous diseases.

J. HICKS BUNTING DRUG CO.'S SUCCESS.

Great Popularity of Plan to Sell Medicine at Half Price and Guarantee a Cure.

J. Hicks Bunting Drug Co., the enterprising druggists, rather than await the ordinary methods of introduction, urged the Dr. Howard Co. to secure a quick sale for their celebrated specific for the cure of constipation and dyspepsia by offering the regular 50c bottle at half-price.

So much talk has been caused by this offer, and so many new friends have been made for the specific that the Dr. Howard Co. have authorized druggists J. Hicks Bunting Drug Co. to continue this special half-price sale for a limited time longer.

In addition to selling a 50c bottle of Dr. Howard's specific for 25c., they have so much faith in the remedy that they will refund the money to anyone whom it does not cure.

When your head aches, your stomach does not digest food easily and naturally, when there is constipation, specks before the eyes, tired feeling, giddiness, bad taste in the mouth, coated tongue, heartburn, sour stomach, roaring or ringing in the ears, melancholy and liver troubles, Dr. Howard's specific will cure you. If it does not, it will not cost you a cent.

FOUND THE FISHERMEN IN SYMPATHY WITH LAW

Governor Returns From Trip Along the Carolina Coast.

Visited Mattamuskeet Lake—Sub-Commission on Text Books Announced—University Executive Committee Meets.

(Special Star Correspondence.)

Raleigh, N. C., June 13.—Just back from a visitation to the fisheries communities on the Carolina coast to meet and mingle with the fishermen and ascertain the real situation as to the operation of the fisheries regulations that have been put in force by the State Fish Commission, Governor Craig says he found conditions much more satisfactory than he had expected. The Governor says that the hostility to the fish law on the waters of Eastern Carolina have subsided, if any ever existed.

The Governor says he met and talked with the people on the banks. At Wantee he spoke to a large audience of fishermen; also at Ocracoke and at Wanchese and Hatteras. He found the people at Ocracoke in thorough sympathy with the law and believing that it should be enforced. He found the same conditions, he says, at Manteo and Wanchese. There has been some friction at Hatteras but he found conditions much improved and every indication that the people will hereafter observe the regulations and that the substantial people all along the coast will co-operate with the authorities and aid in the enforcement of the law.

The Governor was accompanied on his trip by Justices Allan and Brown, of the Supreme Court, and they were the guests of State Fish Commissioner H. L. Gibbs on board the yacht Atlantic.

The visited Mattamuskeet Lake on their return and drove over the erstwhile lake bed of over 50,000 acres in an automobile. The water has been lowered about one foot by the tremendous pumps installed and large areas of the reclaimed lands are ready for the plow. He estimates that the drainage will be completed within a month and then the whole capacity of the pumps can be directed toward keeping the water constantly lifted from the drain pits into the canal that leads to the sound. There are not only scattered lagoons where there was originally a sheet of water covering the 50,000 acres.

The Governor regards the development most important and believes this immensely rich and vast tract will soon be among the richest agricultural lands to be found anywhere.

Text Book Sub-Commission.

Governor Craig and State Superintendent of Public Instruction J. Y. Joyner announced tonight the six members of the sub-textbook commission which the law provides that they appoint to examine and report on the merits of text books offered by publishers for the five-year State adoption about to b made . The sub-commission consists o S. B. Underwood, superintendent o the Pitt county public schools; Paul J. Long, superintendent of the Northampton county public schools; B. B. Dougherty, superintendent of the Appalachian Training School for Teachers; A. T. Aien, superintendent of the Salisbury city schools, and Miss Mattie M. Parrott, assistant superintendent and rural supervisor of schools in Lenoir county.

These sub-commissioners are to meet with the State Board of Education in this city tomorrow, June 14, and take their oaths of office and enter upon their work. First of all, there will be the joint session with the State board as the full text book commission to receive the briefs andhear oral argument by representatives of the book publishers who have filed bils. Thereafter the sub-commissioners will examine critically all books offered for adoption—a long and tedious task which must be completed by August 1. Then there will be joint sessions of the full commission again to finally adopt the books to be used in the schools during the ensuing five years.

University Committee.

At a special meeting of the executive committee of the University of North Carolina trustees today in the executive offices of Governor Craig authority was conferred on the building committee at the University to change the location of the new power plant to be installed and increase the cost of the plant from $40,000 to $42,000. There is to be a contract with the town of Chapel Hill to supply the light and power current for the town, including the street lights.

The board of county commissioners today decided to ask the next Legislature to authorize the county to apply a certain portion of the revenue of the county from salaries and fees to the Conferedate pension fund. The plan was at first to levy a special tax, but it is found that the tax rate is already the maximum that the constitution will permit.

HARMONY PROGRAMME IS FIRMLY ESTABLISHED FOR DEMOCRATIC CONVENTION

(Continued from Page One.)

Colonel House, it was said, was asked by the President to take the place but believes another should manage the fight as the chairman of the National committee.

National Committeeman Homer S. Cummings, of Connecticut, said to have a strong following in the committee, is still on the President's list, but he, according to report, is not a strong White House favorite for the chairmanship. Edward N. Hurley, of Chicago, Federal trade commissioner, and William L. Saunders, of New Jersey, president of the American Institute of Mines and vice chairman of the Navy Consulting Board, both regarded by friends of the President as good organizers, are also under consideration. Vance McCormick and R. H. Morris, both of Pennsylvania, are said to have been suggested by former Representative A. Mitchell Palmer, of that state.

Wilbur W. Marsh, National Committeeman from Iowa, was mentioned tonight for treasurer, and Henry Morgenthau, of New York, former ambassador to Turkey, was said to be slated for chairman of the finance committee.

Represents President's Viewpoint.

Although Mr. Baker said that his function in representing the President had exclusively to do with the platform and that he was not authorized to represent Mr. Wilson on any other subject, his statements, including the President's desire for Vice President Marshall's re-nomination, were regarded generally as representing the White House point of view.

Regarding the plan broached by some leaders to send an invitation to the Progressives to join the Democrats or make specific platform overtures to them, Mr. Baker said:

"The Progressives are a group of men who are arnestly and devotedly trying to serve a set of deep-rooted political beliefs.

"They don't want a piece of engraved stationery which they can call an invitation, but evidence that the Democrats and Progressives are trying to serve the same cause.

"The record of the Democratic administration contrasted with the Republican platform ought to satisfy any Progressive that his opportunity lies with the Democratic party.

Meaningless Republican Platform.

"There couldn't be any direct invitation to the Progressives in the Democratic platform. We can only hope to get the Progressive support by drawing a platform so that it will meet their approval. I think that a great many Progressives will feel deeply disappointed with the meaningless Republican platform and outraged at the betrayal of their own party. They will realize that the Democratic platform and candidates will more nearly represent their own ideals and they will vote for President Wilson."

Secretary Baker said tonight that he hoped to spend much of the summer campaigning. "I will give every minute of my time that is consistent with my full duty at the War Department, going wherever the National committee thinks I can be of any service."

The Democratic speakers' bureau, according to present plans, will again be under the immediate direction of Postmaster General Burleson.

Telegram to Progressive Leader.

National Chairman McCombs sent the following telegram today to Bainbridge Colby, the Progressive leader of New York, in reply to a statement of Mr. Calby suggesting that the Progressives should go slowly in determining their future course and to do every justice to President Wilson in their consideration:

"I have seen your statement. Colonel Roosevelt appears to have sent his former and enthusiastic followers stumbling to destruction. The Progressive Democrats cordially and sincerely offer them safety."

Bryan to Aid in Campaign

William Jennings Bryan will not urge the insertion of a prohibition plank in the Democratic platform, according to a statement he made today, adding that this was not the time for the party to touch upon the subject. Mr. Bryan said he did not expect to speak before the convention but would do so if he were invited and announced his intention of making Democratic speeches all through the campaign.

"What wil be th etheme this year?" he was asked.

"I don't know," said Mr. Bryan, meditatively. "I guess the open season for Progressives would be a good topic."

Mr. Bryan was asked by friends what he thought of Colonel Roosevelt's provisional declination to accept the Progressive nomination.

"I think," said he, "it can best be compared to the reply of the maid who told the ardent swain the best she could do would be to be a sister to him."

There as a Reporter.

"The former Secretary of State arrived here today in the capacity of a newspaper man from Nebraska, and asserted most emphatically that his reportorial role will be his first interest; but he has plans for a pact between the Democrats and Progressives to induce most of the Bull Moose to support the Democratic ticket next fall.

"The Progressives were not at all satisfied with the results of their convention at Chicago," said Mr. Bryan. "I believe the time is ripe for the Democrats to secure a large part of the Progreasive vote.

"They are closest to us in sympathy, anyway, you know," Mr. Bryan added. He indicated that this might be largely accomplished by the writing of the Democratic platform with Progressive planks that would appeal to the Bull Moore.

PRESIDENT GETS IN TOUCH WITH SITUATION AT ST. LOUIS

Washington, June 13. — President Wilson returned here at 10 o'clock tonight from West Point, N. Y. He was driven immediately to the White House with Mrs. Wilson, and there got in touch with pre-convention developments in St. Louis.

The President's special train stopped in the freight yards at Jersey City for several minutes on the return trip, while Gordon Auchinloss, son-in-law of Col. E. M. House, talked with Mr. Wilson. No reason for the visit was obtainable tonight from the White House.

A special telephone wire has been arranged between the White House and St. Louis, so that the President can keep in constant touch with developments in the convention.

Astonishing Power of Iron to Give Strength to Broken Down Nervous People

Physician Says Ordinary Nuxated Iron Will Increase Strength of Delicate Folk 200 Per Cent. in Two Weeks' Time in Many Instances.

New York, N. Y.—In a recent discourse, Dr. E. Saueer, a well known Specialist who has studied widely both in this country and Europe, said: "If you were to make an actual blood test on all people who are ill you would probably be greatly astonished at the exceedingly large number who lack iron and who are ill for no other reason than the lack of iron. The moment iron is supplied all their multitude of dangerous symptoms disappear. Without iron the blood at once loses the power to change food into living tissue, and therefore nothing you eat does you any good; you don't get the strength out of it. Your food merely passes through your system like corn through a mill with the rollers so wide apart that the mill can't grind. As a result of this continuous blood and nerve starvation, people become generally weakened, nervous and all run down, and frequently develop all sorts of conditions. One is too thin; another is burdened with unhealthy fat; some are so weak they can hardly walk; some think they have dyspepsia, kidney or liver trouble; some can't sleep at night; others are sleepy and tired all day; some fussy and irritable; some skinny and bloodless, but all lack physical power and endurance. In such cases it is worse than foolishness to take stimulating medicines or narcotic drugs, which only whip up your fagging vital powers for the moment, maybe at the expense of your life later on. No matter what any one tells you, if you are not strong and well you owe it to yourself to make the following test: See how long you can work or how far you can walk without becoming tired. Next, take two five-grain tablets of ordinary nuxated iron three times per day after meals for two weeks. Then test your strength again and see for yourself how much you have gained. I have seen dozens of nervous, run-down people who were ailing all the time double, and even triple their strength and endurance and entirely get rid of their symptoms of dyspepsia, liver and other troubles in from ten to fourteen days' time simply by taking iron in the proper form, and this, after they had in some cases been doctoring for months without obtaining any benefit. You can talk as you please about all the wonders wrought by new remedies, but when you come down to hard facts there is nothing like good old iron to put color in your cheeks and good, sound, healthy flesh on your bones. It is also a great nerve and stomach strengthener and the best blood builder in the world. The only trouble was that the old forms of inorganic iron, like tincture of iron, iron acetate, etc.,often ruined people's teeth, upset their stomachs and were not assimilated, and for these reasons they frequently did more harm than good. But with the discovery of the newer forms of organic iron all this has been overcome. Nuxated Iron, for example, is pleasant to take, does not injure the teeth, and is almost immediately beneficial.

NOTE—The manufacturers of Nuxated Iron have such unbounded confidence in its potency that they authorize the announcement that they will forfeit $100.00 to any Charitable Institution if they cannot take any man or woman under sixty who lacks iron and increase their strength 200 per cent or over in four weeks' time, provided they have no serious organic trouble. Also they will refund your money in any case in which Nuxated Iron does not at least double your strength in ten days' time. It is dispensed in this city by J. Hicks Bunting Drug Co., and all other druggists.

GODWIN CLUB AT COUNCILS

Organized by Enthusiastic Democrats of the Township.

Councils, N. C., June 13.—A very enthusiastic meeting of Democrats was held here last night and a Godwin club was organized with a membership of a little better than 80 per cent of the Democratic voters of the township, as a nucleus. Active officers were elected and a very strenuous campaign for the re-nomination of Mr. Godwin was planned. The slogan of the club is, "We will win with Godwin, the friend of the people."
